Entravision also promoted the Radiothon with a multimedia campaign starting December 2nd which included QR code embedded television and hourly radio promos, display banners, a custom website, social media posts and videos across Entravision Radio and Noticias Ya social networks, as well as a toll-free number to make donations. Entravision's 24 Univision affiliate TV stations ran nightly news stories and features on all three days of the campaign.

Children's Miracle families participated in studio during the three-day event sharing their stories and experiences with Children's Hospitals, further driving the public interest and donations. The donations collected came in from every single state in the country, including Hawaii and Alaska, and those donations will be earmarked to their local children's hospitals to help fund critical treatments, healthcare services, pediatric medical equipment and charitable care, as well as to provide treatment to low-income patients. Over the past 14 years, Entravision viewers and listeners have raised more than $28 million for Children's Miracle Network® Hospitals.
