About Porch Group

Porch Group, Inc., ("Porch") is a homeowners insurance and vertical software platform. Porch's strategy to win in homeowners insurance is to leverage unique data for advantaged underwriting, provide the best services for homebuyers, and protect the whole home. The long-term competitive moats that create this differentiation comes from Porch's leadership in home services software-as-a-service and its deep relationships with approximately 30 thousand companies that are key to the home-buying transaction, such as home inspectors, mortgage, and title companies.
