Cloud-first SIEM, InsightIDR, recognized as an “impressive solution” for streamlining detection and response  
BOSTON, June 06, 2024 (GLOBE NEWSWIRE) -- **Rapid7, Inc.** (NASDAQ: RPD), a leader in extended risk and threat detection, today announced that InsightIDR was recognized as **Best SIEM Solution** at the SC Awards Europe 2024. This is the second time InsightIDR has won Best SIEM Solution, having also received the honor in 2022.

Rapid7 InsightIDR gives businesses control over their hybrid attack surface with embedded intelligence, AI-powered detections throughout the kill chain, and expertly curated automated responses. With a high fidelity threat library vetted in the field by our MDR experts, customers can confidently pinpoint real threats and respond with the speed and scale necessary for the cloud-first era.

“InsightIDR stands out for its ability to address the complexities of expanding attack surfaces and overstretched security teams,” said Craig Adams, SVP and chief product officer at Rapid7. “This ongoing recognition of InsightIDR by SC Awards Europe is a testament to the tremendous business value it provides. We strive to help our customers boost operational efficiency and eliminate shelfware; many customers are able to replace multiple products with InsightIDR.”

The SC Awards Europe, hosted by SC Media UK, recognize and reward products and services that stand apart from the crowd and exceed customer expectations. This year’s SC Awards Europe entries were assessed by a panel of 29 highly experienced judges from a variety of industries, including financial services, manufacturing, government, and academia.

"Rapid7 offers an impressive solution that streamlines detection and response through precise alerting, detailed

investigations, and actionable automation capabilities with InsightIDR," **commented** one of the judges upon reviewing Rapid7's entry.
