

THE CHEESECAKE FACTORY INCORPORATED

Audit Committee Charter (As amended and restated as of July 21, 2022)

A. Purpose

The Audit Committee (“Committee”) is established by the Board of Directors (“Board”) of The Cheesecake Factory Incorporated (“Company”) primarily for the purpose of overseeing the accounting and financial reporting processes of the Company, including internal controls over such processes, and audits of the financial statements of the Company.

The Committee is primarily responsible for: (1) monitoring the quality and integrity of the Company’s financial statements and internal controls over financial reporting; (2) monitoring the Company’s compliance with legal and regulatory requirements; (3) monitoring the independent auditor’s qualifications, performance and independence; (4) monitoring the performance of the Company’s internal audit function; (5) providing an avenue of communication among the independent auditors, management, the Internal Auditor and the Board; and (6) issuing the report required by the Securities and Exchange Commission to be included in the Company’s annual proxy statement.

The Board has approved this charter in compliance with the listing requirements of the Nasdaq Stock Market LLC (“Nasdaq”) applicable to the Company and this charter shall be interpreted and construed in a manner consistent with those requirements and any applicable requirements of the federal securities laws and the Securities and Exchange Commission.

B. Composition

1. Members. The Committee shall consist of as many members as the Board shall determine, but in any event not fewer than three members. The members of the Committee shall be appointed by the Board.

2. Qualifications. Each member of the Committee shall meet all applicable independence, financial literacy and other requirements of law and the Nasdaq listing requirements. At least one member of the Committee shall meet the applicable Securities and Exchange Commission definition of “audit committee financial expert.”

3. Membership on Other Audit Committees. No member of the Committee may serve on the audit committee of more than two public companies in addition to the Company without the prior determination by a majority of the independent directors of the Board that such concurrent service would not impair the member’s ability to serve effectively as a member of the Committee. Any such determination must be disclosed in the Company’s annual proxy statement.

4. Chair. The Chair of the Committee shall be appointed by the Board.

5. Removal and Replacement. Any vacancies on the Committee shall be filled by the Board. No member of the Committee may be removed except by the Board.

6. Compensation. Director's fees (including any additional amounts paid to chairs of committees and to members of committees of the Board), participation under the Company's equity plans that permit participation by non-employee directors and other compensation permitted by the Securities and Exchange Commission and Nasdaq rules are the only compensation a member of the Committee may receive from the Company.

7. Funding. The Company shall provide appropriate funding, as determined by the Committee, for payment of (i) compensation to any registered public accounting firm engaged for the purpose of preparing or issuing an audit report or performing other audit, review or attest services; (ii) compensation to any advisers employed by the Committee; and (iii) ordinary administrative expenses of the Committee that are necessary and appropriate in carrying out its duties.

C. Operations

1. Meetings. The Chair of the Committee, in consultation with the Committee members, shall determine the schedule and frequency of the Committee meetings, provided that the Committee shall meet at least once each fiscal quarter. The Chair of the Committee or a majority of the members of the Committee also may call a special meeting of the Committee. The Committee may meet separately, periodically, with management and/or the General Counsel. The Committee also may meet separately with the independent auditor and separately with the Internal Auditor and shall endeavor to do so on a quarterly basis.

2. Agenda. The Chair of the Committee shall develop and set the Committee's agenda, in consultation with other members of the Committee, the Board and management. The agenda and information concerning the business to be conducted at each Committee meeting shall, to the extent practical, be communicated to the members of the Committee sufficiently in advance of each meeting to permit meaningful review. The Committee, in its discretion, may ask members of management or others to attend its meetings (or portions thereof) and to provide pertinent information as necessary.

3. Report to Board. The Committee shall periodically and as needed deliver to the Board a report on any significant actions taken by the Committee. The Committee shall further report regularly to the Board and will review with the Board any issues that arise with respect to the quality or integrity of the Company's financial statements, the Company's compliance with legal or regulatory requirements, the performance and independence of the Company's independent auditors, the performance of the internal audit function and other matters of importance to the Board.

4. Self-Evaluation; Assessment of Charter. The Committee shall conduct an annual performance self-evaluation and shall report to the entire Board the results of the self-

evaluation. The Committee shall annually assess the adequacy of this Charter and recommend any changes to the Board.

D. Authority and Duties

Independent Auditor's Qualifications and Independence

1. The Committee shall be directly responsible for the appointment, retention, termination and oversight of the work of the independent auditor (including resolution of disagreements between management and the auditor regarding financial reporting) and any other registered public accounting firm engaged for the purpose of preparing or issuing an audit report or performing other audit, review or attest services for the Company and its subsidiaries (with the input, if the Committee so desires, of Company management and, as appropriate, management and boards of directors of the Company's subsidiaries). The independent auditor and any such other registered accounting firm must report directly to the Committee and are ultimately accountable to the Committee.

2. The Committee shall have the sole authority to approve the independent auditor's fee arrangements and other terms of service, and to preapprove any permitted non-audit services to be provided by the independent auditor. The Committee shall not approve any non-audit services to be performed by the independent auditor if the audit team members receive any discretionary compensation from the audit firm with respect to such services performed by the independent auditor. The Committee may delegate the preapproval of audit and permitted non-audit services to one or more of its members, provided that such members shall report any such approvals to the full Committee at the next regularly scheduled meeting of the Committee.

3. The Committee shall obtain and review with the independent auditor, annually or more frequently as the Committee considers appropriate, a report by the independent auditor describing: the independent auditor's internal quality-control procedures; any material issues raised by the most recent internal quality-control review, or peer review, of the independent auditor, or by any inquiry, review or investigation by governmental, professional or other regulatory authorities, within the preceding five years, respecting independent audits carried out by the independent auditor, and any steps taken to deal with these issues; and (to assess the independent auditor's independence) all relationships between the independent auditor and the Company (consistent with Public Company Accounting Oversight Board Rule 3526). The Committee shall be responsible for actively engaging in a dialogue with the independent auditor with respect to any disclosed relationships or services that may impact the objectivity and independence of the auditor and for taking, or recommending that the Board take, appropriate action to oversee the independence of the independent auditor. The Committee shall, in addition to assuring the regular rotation of the lead audit partner and concurring audit partner, to the extent required by law, consider whether there should be regular rotation of the audit firm.

4. The Committee shall evaluate the qualifications, independence and performance of the Company's independent auditor, including the lead partner of the independent auditor,

and, in its sole discretion make decisions regarding the replacement or termination of the independent auditor when circumstances warrant. In making its evaluations, the Committee should take into account the opinions of management. The Committee will present its conclusions with respect to replacement or termination of the independent auditor to the Board.

5. The Committee must preapprove the hiring of any employee or former employee of the independent auditor who was a member of the Company's audit team during the preceding three fiscal years. In addition, the Committee must preapprove the hiring of any employee or former employee of the independent auditor (within the preceding three fiscal years) for senior positions within the Company, regardless of whether that person was a member of the Company's audit team. In no event may the Company hire a Chief Executive Officer, Chief Financial Officer, Chief Accounting Officer, Controller or person in any equivalent capacity who, within one year prior to the initiation of the audit, was an employee of the independent auditor who participated in any capacity in the Company's audit.

The Committee shall review the annual audited financial statements and quarterly financial statements with management and the independent auditor, including the Company's disclosures under "Management's Discussion and Analysis of Financial Condition and Results of Operations," before the filing of the Company's Form 10-K and Form 10-Q. Any material changes in accounting principles or accounting for new significant items will be reviewed.

7. The Committee shall review with management earnings press releases (especially the use of "pro forma" or "adjusted" information not prepared in compliance with generally accepted accounting principles), as well as financial information and earnings guidance, which review may be done generally (i.e., discussion of the types of information to be disclosed and type of presentations to be made), and the Committee need not discuss in advance each earnings release or each instance in which the Company may provide earnings guidance. This task can be delegated to the Chair of the Committee or the Chair's designee.

In addition, the Committee shall

regularly review with the independent auditors any difficulties the auditor encountered in the course of the audit work, including any restrictions on the scope of the independent auditor's activities or on access to requested information, and any significant disagreements with management, which could include such matters as: (i) any accounting adjustments that were noted or proposed by the independent auditor but were "passed" (as immaterial or otherwise); (ii) communications between the independent auditor's audit team and national office respecting auditing or accounting issues presented by the engagement; and (iii) any "management" or "internal control" letter issued, or proposed to be issued, by the independent auditor to the Company and management's response thereto, if any.

9. The Committee shall review with management, and any outside professionals as the Committee considers appropriate, the effectiveness of the Company's disclosure controls and procedures, and elicit any recommendations that they may have for the improvement of such disclosure control procedures or particular areas where new or more detailed controls or procedures are desirable. Particular emphasis should be given to the adequacy of disclosure controls to identify on a timely basis material information that should be disclosed.

10. The Committee shall review with management, and any outside professionals as the Committee considers appropriate, important trends and developments in financial reporting practices and requirements and their effect on the Company's financial statements.

13. The Committee shall review with management, the Internal Auditor and the independent auditor the quality, adequacy and effectiveness of the Company's internal controls and any significant deficiencies or material weaknesses in internal controls, and shall elicit from management, the Internal Auditor or the independent auditor any recommendations that they may have for the improvement of such internal control procedures or particular areas where new or more detailed controls or procedures are desirable. Particular emphasis should be given to the adequacy of such internal controls to expose any payments, transactions or procedures which might be deemed illegal or otherwise improper.

14. The Committee shall review with the Chief Financial Officer, Internal Auditor, General Counsel and independent auditor, the following: (a) the Company's internal controls and evaluate whether the Company is operating in accordance with its prescribed policies, procedures and code of conduct, (b) any significant deficiencies in the design or operation of internal controls which could adversely affect the Company's ability to record, process, summarize, and report financial data, including any material weaknesses in internal controls identified by the Company's independent auditors and Internal Auditor, (c) any fraud, whether or not material, that involves management or other employees who have a significant role in the Company's internal controls, and (d) any significant changes in internal controls or in other

factors that could significantly affect internal controls, including any corrective actions with regard to significant deficiencies and material weaknesses.

15. The Committee shall review disclosures made to the Committee by the Company's Chief Executive Officer and Chief Financial Officer during their certification process for the Form 10-K and Form 10-Q about any significant deficiencies in the design or operation of internal controls or material weakness therein and any fraud involving management or other employees who have a significant role in the Company's internal controls.

Performance of the Internal Audit Function and Independent Auditors

16. The Committee shall review with management and the independent auditor the scope, planning and staffing of the proposed financial statement audit for the current year.

17. The Committee shall review and approve the Internal Auditor's responsibilities, annual work plan, results, budget, compensation and staffing.

18. The Committee shall obtain assurance from the Company's independent auditors that the audit was conducted in a manner consistent with Section 10A of the Securities and Exchange Act of 1934, as amended.

Legal, Regulatory and Compliance

19. The Committee shall review with management and any internal or external counsel as the Committee considers appropriate, any legal matters (including the status of pending litigation) that may have a material impact on the Company, steps the Company has taken to monitor or mitigate significant cybersecurity risks that may have a material impact on the Company, and any material reports or inquiries from regulatory or governmental agencies.

20. The Committee shall review with the General Counsel the adequacy and effectiveness of the Company's procedures to ensure compliance with its legal and regulatory responsibilities.
