MANAGEMENT COMMENTARY

"While we're pleased with our fourth quarter and full year results, which reflect the exceptional resiliency of our portfolio during the pandemic, we've remained focused on external growth, ending the year with a strong rebound in deal volume," said Jason Fox, Chief Executive Officer of W. P. Carey. "Given the strength of our near-term pipeline, continued appetite from companies to unlock value through sale leasebacks, our balance sheet flexibility and a supportive cost of capital, we're confident in our ability to generate significantly higher investment volume in 2021."

QUARTERLY FINANCIAL RESULTS

Revenues

- **Total Company:** Revenues, including reimbursable costs, for the 2020 fourth quarter totaled \$307.4 million, down 1.2% from \$311.2 million for the 2019 fourth quarter.
- Real Estate: Real Estate revenues, including reimbursable costs, for the 2020 fourth quarter were \$302.4 million, up 2.0% from \$296.4 million for the 2019 fourth quarter, due primarily to higher lease revenues from net acquisitions, a stronger euro relative to the U.S. dollar and rent escalations. Lease termination and other revenues were higher during the 2019 fourth quarter, which included a significant lease-related recovery. Lower operating revenues reflected the disposition of a hotel operating property during the 2020 first quarter and lower occupancy at the Company's remaining hotel operating property due to the COVID-19 pandemic.
- Investment Management: Investment Management revenues, including reimbursable costs, for the 2020 fourth quarter were \$5.0 million, down 66.4% from \$14.9 million for the 2019 fourth quarter, due primarily to lower asset management revenues and reimbursable costs resulting from the management internalization by Carey Watermark Investors Incorporated (CWI 1) and Carey Watermark Investors 2 Incorporated (CWI 2) completed during the 2020 second quarter.

Net Income Attributable to W. P. Carey

• Net income attributable to W. P. Carey for the 2020 fourth quarter was \$134.6 million, up 4.0% from \$129.4 million for the 2019 fourth quarter. Net income from Real Estate attributable to W. P. Carey was \$129.8 million, which increased due primarily to a higher aggregate gain on sale of real estate and the impact of net acquisitions, partly offset by a mark-to-market gain of \$36.1 million for the Company's investment in shares of Lineage Logistics (a cold storage REIT) recognized during the prior year period and higher impairment charges. Net income from Investment Management attributable to W. P. Carey was \$4.8 million, which decreased due primarily to the cessation of Investment Management revenues and distributions previously earned from CWI 1 and CWI 2. Segment net income also reflects the full allocation of certain operating expenses to the Real Estate segment commencing in the 2020 second quarter.

Adjusted Funds from Operations (AFFO)

• AFFO for the 2020 fourth quarter was \$1.20 per diluted share, down 6.3% from \$1.28 per diluted share for the 2019 fourth quarter. The Real Estate segment generated AFFO (Real Estate AFFO) of \$1.16 per diluted share, primarily reflecting the impact of the COVID-19 pandemic, which more than offset the accretive impact of net investments and rent escalations. The Investment Management segment generated AFFO of \$0.04 per diluted share, reflecting the Company's continued move out of this business, primarily through the management internalization completed by CWI 1 and CWI 2 during the 2020 second quarter. Segment AFFO also reflects the full allocation of general and administrative expenses to the Real Estate segment commencing in the 2020 second quarter.

Note: Further information concerning AFFO and Real Estate AFFO, which are both non-GAAP supplemental performance metrics, is presented in the accompanying tables and related notes.

Dividend

As previously announced, on December 9, 2020 the Company's Board of Directors declared a quarterly cash dividend
of \$1.046 per share, equivalent to an annualized dividend rate of \$4.184 per share. The dividend was paid on January
15, 2021 to stockholders of record as of December 31, 2020.

FULL YEAR FINANCIAL RESULTS

Revenues

- Total Company: Revenues, including reimbursable costs, for the 2020 full year totaled \$1.21 billion, down 1.9% from \$1.23 billion for the 2019 full year.
- Real Estate: Real Estate revenues, including reimbursable costs, for the 2020 full year totaled \$1.18 billion, up 0.4% from \$1.17 billion for the 2019 full year, due primarily to higher lease revenues from net acquisitions, rent escalations and a stronger euro relative to the U.S. dollar, which in aggregate more than offset the impact of the COVID-19 pandemic on rent collections. Lower operating revenues reflect the disposition of a hotel operating property during the 2020 first quarter and lower occupancy at the Company's remaining hotel operating property. Lease revenues and operating property revenues also reflect the impact of the conversion of certain self-storage operating properties to net leases commencing June 1, 2019. Lease termination and other revenues were higher during 2019, which included significant lease-related recoveries.
- Investment Management: Investment Management revenues, including reimbursable costs, for the 2020 full year totaled \$31.3 million, down 47.7% from \$59.9 million for the 2019 full year, due primarily to lower asset management revenues and reimbursable costs resulting from the merger and management internalization by CWI 1 and CWI 2.

Net Income Attributable to W. P. Carey

• Net income attributable to W. P. Carey for the 2020 full year totaled \$455.4 million, up 49.2% from \$305.2 million for the 2019 full year. Net income from Real Estate attributable to W. P. Carey was \$459.5 million, which increased due primarily to a higher aggregate gain on sale of real estate, the impact of net acquisitions and lower interest expense. Net loss from Investment Management attributable to W. P. Carey was \$4.2 million, which decreased due primarily to the cessation of Investment Management revenues and distributions previously earned from CWI 1 and CWI 2. Segment net income also reflects the full allocation of certain operating expenses to the Real Estate segment commencing in the 2020 second quarter.

Adjusted Funds from Operations (AFFO)

• AFFO for the 2020 full year was \$4.74 per diluted share, down 5.2% from \$5.00 per diluted share for the 2019 full year. The Real Estate segment generated AFFO of \$4.60 per diluted share, primarily reflecting the impact of the COVID-19 pandemic and to a lesser extent lower lease termination and other income, which in aggregate more than offset the accretive impact of net investments and rent escalations. The Investment Management segment generated AFFO of \$0.14 per diluted share, reflecting the Company's continued move out of this business, primarily through the management internalization by CWI 1 and CWI 2 during the 2020 second quarter. Segment AFFO also reflects the full allocation of general and administrative expenses to the Real Estate segment commencing in the 2020 second quarter.

Note: Further information concerning AFFO and Real Estate AFFO, which are both non-GAAP supplemental performance metrics, is presented in the accompanying tables and related notes.

Dividend

• Dividends declared during 2020 totaled \$4.17 per share, an increase of 0.7% compared to total dividends declared during 2019 of \$4.14 per share.

AFFO GUIDANCE

- For the 2021 full year, the Company expects to report total AFFO of between \$4.79 and \$4.93 per diluted share, including Real Estate AFFO of between \$4.66 and \$4.80 per diluted share, based on the following key assumptions:
 - (i) investments for the Company's Real Estate portfolio of between \$1.0 billion and \$1.5 billion;
 - (ii) dispositions from the Company's Real Estate portfolio of between \$250 million and \$350 million; and
 - (iii) total general and administrative expenses of between \$79 million and \$83 million.

Note: The Company does not provide guidance on net income. The Company only provides guidance on total AFFO (and Real Estate AFFO) and does not provide a reconciliation of this forward-looking non-GAAP guidance to net income due to the inherent difficulty in quantifying certain items necessary to provide such reconciliation as a result of their unknown effect, timing and potential significance. Examples of such items include impairments of assets, gains and losses from sales of assets, and depreciation and amortization from new acquisitions.

⁽a) Amount for the three months ended December 31, 2020 is primarily comprised of a non-cash allowance for credit losses on loans receivable and direct financing leases of \$(11.9) million and net gains on foreign currency transactions of \$8.7 million.

⁽b) Amount for the year ended December 31, 2020 includes a non-cash net gain of \$33.0 million (inclusive of \$9.9 million attributable to the redemption of a noncontrolling interest that the former subadvisors for CWI 1 and CWI 2 held in the special general partner interests) recognized in connection with consideration received at closing of the CWI 1 and CWI 2 merger.

⁽c) Amount for the year ended December 31, 2020 includes non-cash other-than-temporary impairment charges totaling \$47.1 million recognized on our former equity investments in CWI 1 and CWI 2.

⁽d) Amount for the year ended December 31, 2019 represents a loss recognized on the purchase of the remaining interest in an investment from CPA:17 – Global (CPA:17) in our merger with that former affiliate in October 2018 (the CPA:17 Merger), which we had previously accounted for under the equity method. We recognized this loss because we identified certain measurement period adjustments during the third quarter of 2019 that impacted the provisional accounting for this investment.

⁽a) Amounts for the three months and year ended December 31, 2020 include a non-cash other-than-temporary impairment charge of \$8.3 million recognized on an equity method investment in real estate.

⁽b) Amount for the year ended December 31, 2020 includes a non-cash net gain of \$33.0 million (inclusive of \$9.9 million attributable to the redemption of a noncontrolling interest that the former subadvisors for CWI 1 and CWI 2 held in the special general partner interests) recognized in connection with consideration received at closing of the CWI 1 and CWI 2 merger.

⁽c) Equity income, including amounts that are not typically recognized for FFO and AFFO, is recognized within Equity in earnings of equity method investments in the Managed Programs and real estate on the consolidated statements of income. This represents adjustments to equity income to reflect FFO and AFFO on a pro rata

⁽d) Adjustments disclosed elsewhere in this reconciliation are on a consolidated basis. This adjustment reflects our FFO or AFFO on a pro rata basis.

⁽e) FFO and AFFO are non-GAAP measures. See below for a description of FFO and AFFO.

⁽f) Amounts for the three months and year ended December 31, 2019 include straight-line rent adjustments of \$4.3 million and \$16.8 million, respectively, for a property that was sold in December 2019.

⁽g) AFFO adjustment amount for the three months ended December 31, 2020 is primarily comprised of a non-cash allowance for credit losses on loans receivable and direct financing leases of \$(11.9) million, net gains on foreign currency transactions of \$8.7 million and an unrealized gain on derivatives of \$2.1 million. Real Estate AFFO adjustment amount for the three months ended December 31, 2020 is primarily comprised of a non-cash allowance for credit losses on loans receivable and direct financing leases of \$(11.9) million, net gains on foreign currency transactions of \$8.5 million and an unrealized gain on derivatives of \$2.1 million. Amounts from period to period will not be comparable due to unpredictable fluctuations in these gains and losses.

⁽h) Amounts for the three months and year ended December 31, 2019 include deferred tax expenses totaling approximately \$8.6 million as a result of the increase in the fair value of our investment in shares of Lineage Logistics (which converted to a REIT in Q1 2020).

⁽i) Beginning with the first quarter of 2020, this adjustment includes distributions received from CWI 1 and CWI 2 for AFFO (through April 13, 2020, the closing date of the CWI 1 and CWI 2 merger) and from WLT (CWI 2 was renamed Watermark Lodging Trust, Inc. ("WLT") after the merger) for both AFFO and Real Estate AFFO (after April 13, 2020) in place of our pro rata share of net income from our ownership of shares of CWI 1, CWI 2, and WLT, as applicable. We did not receive any such distributions during the second, third or fourth quarters of 2020, due to the adverse effect of COVID-19.

⁽j) Amount for the year ended December 31, 2019 represents a loss recognized on the purchase of the remaining interest in a real estate investment from CPA:17 in the CPA:17 Merger, which we had previously accounted for under the equity method. We recognized this loss because we identified certain measurement period adjustments during the third quarter of 2019 that impacted the provisional accounting for this investment.

⁽k) Amount for the year ended December 31, 2020 includes non-cash other-than-temporary impairment charges totaling \$47.1 million recognized on our former equity investments in CWI 1 and CWI 2.

- (I) Amount for the year ended December 31, 2020 includes a non-cash deferred tax benefit of \$37.2 million as a result of the release of a deferred tax liability relating to our investment in shares of Lineage Logistics, which converted to a REIT during that period and is therefore no longer subject to federal and state income taxes.
- (m) Amount for the year ended December 31, 2020 includes a one-time tax benefit of \$4.7 million as a result of carrying back certain net operating losses in accordance with the CARES Act, which was enacted on March 27, 2020.
- (n) Amount for the year ended December 31, 2020 includes a one-time tax incurred upon the recognition of taxable income associated with the accelerated vesting of shares previously issued by CWI 1 and CWI 2 to us for asset management services performed, in connection with the CWI 1 and CWI 2 merger.
- (o) Amount for the year ended December 31, 2019 includes a current tax benefit, which is excluded from AFFO as it was incurred as a result of the CPA:17 Merger.
- (p) Amounts for the three months and year ended December 31, 2019 include an adjustment to exclude \$6.2 million of non-cash lease termination revenue, which will be collected and reflected within AFFO over the remaining master lease term (\$1.6 million was recognized in 2020).

Non-GAAP Financial Disclosure

Funds from Operations (FFO) and Adjusted Funds from Operations (AFFO)

Due to certain unique operating characteristics of real estate companies, as discussed below, the National Association of Real Estate Investment Trusts, Inc. (NAREIT), an industry trade group, has promulgated a non-GAAP measure known as FFO, which we believe to be an appropriate supplemental measure, when used in addition to and in conjunction with results presented in accordance with GAAP, to reflect the operating performance of a REIT. The use of FFO is recommended by the REIT industry as a supplemental non-GAAP measure. FFO is not equivalent to, nor a substitute for, net income or loss as determined under GAAP.

We define FFO, a non-GAAP measure, consistent with the standards established by the White Paper on FFO approved by the Board of Governors of NAREIT, as restated in December 2018. The White Paper defines FFO as net income or loss computed in accordance with GAAP, excluding gains or losses from sales of property, impairment charges on real estate, gains or losses on changes in control of interests in real estate and depreciation and amortization from real estate assets; and after adjustments for unconsolidated partnerships and jointly owned investments. Adjustments for unconsolidated partnerships and jointly owned investments are calculated to reflect FFO.

We also modify the NAREIT computation of FFO to adjust GAAP net income for certain non-cash charges, such as amortization of real estate-related intangibles, deferred income tax benefits and expenses, straight-line rent and related reserves, other non-cash rent adjustments, non-cash allowance for credit losses on loans receivable and direct financing leases, stock-based compensation, non-cash environmental accretion expense and amortization of deferred financing costs. Our assessment of our operations is focused on long-term sustainability and not on such non-cash items, which may cause short-term fluctuations in net income but have no impact on cash flows. Additionally, we exclude non-core income and expenses, such as gains or losses from extinguishment of debt and merger and acquisition expenses. We also exclude realized and unrealized gains/losses on foreign currency exchange transactions (other than those realized on the settlement of foreign currency derivatives), which are not considered fundamental attributes of our business plan and do not affect our overall long-term operating performance. We refer to our modified definition of FFO as AFFO. We exclude these items from GAAP net income to arrive at AFFO as they are not the primary drivers in our decision-making process and excluding these items provides investors a view of our portfolio performance over time and makes it more comparable to other REITs that are currently not engaged in acquisitions, mergers and restructuring, which are not part of our normal business operations. AFFO also reflects adjustments for unconsolidated partnerships and jointly owned investments. We use AFFO as one measure of our operating performance when we formulate corporate goals, evaluate the effectiveness of our strategies and determine executive compensation.

We believe that AFFO is a useful supplemental measure for investors to consider as we believe it will help them to better assess the sustainability of our operating performance without the potentially distorting impact of these short-term fluctuations. However, there are limits on the usefulness of AFFO to investors. For example, impairment charges and unrealized foreign currency losses that we exclude may become actual realized losses upon the ultimate disposition of the properties in the form of lower cash proceeds or other considerations. We use our FFO and AFFO measures as supplemental financial measures of operating performance. We do not use our FFO and AFFO measures as, nor should they be considered to be, alternatives to net income computed under GAAP, or as alternatives to net cash provided by operating activities computed under GAAP, or as indicators of our ability to fund our cash needs.
