Cautionary Statement

This presentation contains “forward-looking statements,” that is, statements that address future, not past events. In this context, forward-looking statements often address our expected future business and financial performance and financial condition, and often contain words such as: “expect,” “anticipate,” “intend,” “plan,” “believe,” “seek,” or “will.” Forward-looking statements by their nature address matters that are, to different degrees, uncertain. These statements are based on assumptions of future events that may not prove accurate. They are also based on our current plans and strategy and such plans and strategy could change in the future. Actual results may differ materially from those projected or implied in any forward-looking statements. Please refer to our most recent SEC filings, including our 2021 Annual Report on Form 10-K, subsequently filed Quarterly reports on Form 10-Q, as well as our other filings with the SEC, for detailed information regarding factors that could cause or contribute to actual results differing materially from those expressed or implied in such forward-looking statements. We do not undertake to update our forward-looking statements. This presentation does not constitute an offer to sell or a solicitation of an offer to buy any securities of Stanley Black & Decker, Inc. (the "Company"). If the Company were to conduct an offering of securities in the future, it would be made under an effective registration statement, and a prospectus relating to that offering could be obtained from the underwriters of that offering or from the Company.
Company Overview & Strategy
More Streamlined Company With Great Franchises

StanleyBlack&Decker

2021 Revenue: $15.6B
Market Cap: $18.5B
Cash Dividend Yield: 2.6%

**2030 ESG Strategy – Public Commitments**

### Environment

**Carbon Neutral and Beyond**
By 2030, as part of our science-based target commitment, SBD will reduce absolute Scope 1 and Scope 2 carbon emissions 100%, against a 2015 baseline, and then move beyond, meaning our carbon capture is greater than our carbon emission.

**Sustainable Water Use**
By 2030, SBD will set and meet context-based water targets, where relevant and necessary.

**Zero Waste to Landfill**
By 2030, SBD will achieve zero waste to landfill (ZWTL) across direct operations (one-off construction and other events may be excluded).

### Products: Innovate with Purpose

**Innovate with Purpose**
By 2030, SBD will address unmet societal needs by delivering products that are innovative and purposeful to improve the lives of 500 million people.

**Circular Design**
SBD will design products for circularity across material selection, use and end-of-life considerations, with a goal of 100% reusable, recyclable or compostable packaging.

**Sustainable Supply Chain**
By 2025, two-thirds of SBD’s supply chain will develop science-based Scope 1 and Scope 2 targets. By 2030, SBD will reduce our absolute Scope 3 emissions by 35% compared to a 2017 baseline.

### Social

**Empower Makers**
By 2030, SBD will empower 10 million makers to thrive in a changing world through STEAM education, vocational and trade skills, makerspace training, and employee (60,000) career mobility.

**Racial Equity**
By 2025, SBD will support communities by building a strong network through outreach and donating at least $10.5M to strategically aligned racial equity related organizations.

**Supplier Diversity**
By 2025, SBD will expand our partnerships with minority- and women-owned businesses to increase supplier diversity spend from 3% to 10%.

**Gender Parity**
By 2030, SBD will strive for 50-50 gender parity in leadership, as an early member of Paradigm for Parity®.
Our 2030 Strategy

Our 2030 Strategy/Overall Objectives*

**Planet**
- **CREATE A MORE SUSTAINABLE WORLD**
  - Positively impact the environment through our operations

**Product**
- **INNOVATE WITH PURPOSE**
  - Innovate our products to enhance the lives of 500 million people

**LIVES ENHANCED**
- Sustainable Innovation from Within and Through Collaboration

- **PEOPLE EMPOWERED**
  - Empowering Makers Through Partnerships
  - Upskilling Our Employee Base

**Sustainability Performance**

- **ENERGY (KWH/HR)**
  - 2021: 32.1, 2020: 31.0, 2019: 29.4

- **CARBON (MT/HR)**
  - 2021: 3.29, 2020: 2.97, 2019: 2.84

- **WATER (GAL/HR)**
  - 2021: 3.26, 2020: 3.12, 2019: 3.24

- **WASTE (LBS/HR)**
  - 2021: 1.65, 2020: 1.58, 2019: 1.63

- **TOTAL RECORDABLE RATE (TRR) AND LOST TIME RATE (LTR)**
  - 2021: TRR 0.66, LTR 0.02

We Remain Focused On Our 2030 Goals

**Link: 2021 Online ESG Report**

*Results Include The Convergent Security Solutions ("CSS") Business, Access Technologies, And Exclude Recent Acquisitions
Our Commitment To Environmental Sustainability Remains Core To the Way We Operate

**Action Plan – Create A More Sustainable World**

- **Go Beyond Carbon Neutral Operations**
  By 2030, we aim to reduce our operational (Scope 1 & 2) carbon emissions to zero and eliminate additional emissions through means of carbon capture, such as carbon removal and other mitigation technologies.

- **Sustainable Water Use**
  We aim to use water sustainably wherever we do business. We are identifying water risks and will set and meet targets where relevant and necessary that address site-specific concerns in each river basin, a key consideration due to localized water availability and risk.

- **Zero Waste Landfill (ZWTL)**
  We continue to work toward achieving ZWTL, across our daily, direct operations (one-off construction and other events may be excluded). We encourage waste minimization, reuse and recycling in all instances as reflected in our 2023 interim goals.

Note: Our 2030 carbon, water, and waste goals exclude those factory outlets, service centers, offices where we are unable to directly influence the purchase of energy, water and disposal of waste due to tenant or other status.
Action Plan – Innovate With Purpose

Addressing Unmet Societal Needs
Deliver “Innovation With Purpose” Projects That Enhance The Lives Of 500 Million People.

Embrace Circular Design
Design Products For Circularity Across Material Selection, Use And End-of-life Considerations, With A Near Term Goal Of 100% Reusable, Recyclable Or Compostable Packaging.

Achieve A More Sustainable Supply Chain
Work With Suppliers To Achieve Superior Social And Environmental Performance. By 2025, Two-thirds Of Our Supply Chain By Spend Will Develop Science-based Scope 1 And Scope 2 Targets. By 2030, We’ve Committed To Reducing Our Absolute Scope 3 Emissions By 35% Compared To A 2017 Baseline.

Electrification
Opportunities Include Outdoor Products, Fully Electric & Hybrid Electric Vehicles.

Developing New Products & Services That Fulfill Critical Societal Needs & Help To Create A Better World
Action Plan – Empower Makers

Helping Our Employees & Communities Gain The Skills & Expertise To Thrive In This Changing World

Enable 10 million creators and makers to thrive in a changing world

P H O T O

Actions To 2030 Goal
