Ookla Award: Ookla® U.S. Speedtest Connectivity Report H1 2026. Opensignal Awards: Mobile Network Experience Report July 2026 © Opensignal Limited. P3 Awards: P3 US Mobile Benchmark Q2 2026.

(1) Industry-leading claims are based on consensus expectations if results are not yet reported.

(2) Core Adjusted EBITDA, Adjusted Free Cash Flow and Adjusted Free Cash Flow margin are non-GAAP financial measures. These non-GAAP financial measures should be considered in addition to, but not as a substitute for, the information provided in accordance with GAAP. Reconciliations for these non-GAAP financial measures to the most directly comparable GAAP financial measures are provided in the Reconciliation of Non-GAAP Financial Measures to GAAP Financial Measures tables. We are not able to forecast Net income on a forward-looking basis without unreasonable efforts due to the high variability and difficulty in predicting certain items that affect Net income, including, but not limited to, Special Items, Income tax expense and Interest expense. Core Adjusted EBITDA should not be used to predict Net income as the difference between this measure and Net income is variable.

Postpaid Accounts (in thousands)

During Q2 2025, we acquired 85,000 postpaid accounts from Lumos.

During Q3 2025, we acquired 1,448,000 postpaid accounts, net of certain base adjustments, through the UScellular acquisition.

During Q3 2025, we acquired 633,000 postpaid accounts from Metronet and other acquisitions.

During Q1 2026, we recognized a base adjustment to decrease postpaid accounts by 18,000, primarily due to combining certain business accounts that have multiple billing account numbers.

During Q2 2026, Metronet agreed to repurchase certain customer accounts, resulting in a base adjustment to decrease postpaid accounts by 16,000.

These base adjustments had no impact on postpaid net account additions.

Year-Over-Year

Postpaid ARPA increased 2% primarily due to:

- Higher fee revenue, including from the adoption of new tax and fee exclusive plans
- An increase in customers per account, including from the continued adoption of 5G broadband and continued growth of T-Mobile for Business accounts, partially offset by fiber and UScellular accounts with fewer customers per account
- Partially offset by increased promotional activity, including the success of bundled offerings

Sequential

Postpaid ARPA increased 1% primarily due to:

- Higher fee revenue, including from the adoption of new tax and fee exclusive plans
- An increase in customers per account, including from the continued adoption of 5G broadband and continued growth of T-Mobile for Business accounts
- Higher device insurance revenue
- Partially offset by increased promotional activity, including the success of bundled offerings

Year-Over-Year

Continued growth in Postpaid accounts with a decrease in net additions primarily due to:

- Higher account deactivations driven by the impact of a growing account base, including following the acquisition of UScellular, and higher average broadband-only accounts
- Partially offset by higher gross account additions, including fiber account additions following the acquisition of Metronet

Sequential

Continued growth in Postpaid accounts with an increase in net additions primarily due to:

- Lower account deactivations driven by seasonally lower switching activity

Postpaid ARPA

Year-Over-Year

Postpaid account churn increased 7 basis points primarily due to:

- Higher average broadband-only accounts, including following the acquisition of Metronet

Sequential

Postpaid account churn decreased 5 basis points primarily due to:

- Seasonally lower switching activity

Postpaid Account Churn

Service Revenues

(\$ in millions)

Year-Over-Year

Service revenues increased 9% primarily due to:

- An increase in Postpaid service revenues, including following the acquisitions of UScellular and Metronet
- Partially offset by lower Prepaid service revenues

Sequential

Service revenues increased slightly primarily due to:

- An increase in Postpaid service revenues

Year-Over-Year

Postpaid service revenues increased 13% primarily due to:

- Higher average postpaid accounts, including following the acquisitions of UScellular and Metronet
- Higher postpaid ARPA

Sequential

Postpaid service revenues increased 1% primarily due to:

- Higher average postpaid accounts
- Higher postpaid ARPA

Postpaid Service Revenues

(\$ in millions)

Equipment Revenues (\$ in millions)

Year-Over-Year

Equipment revenues increased 2% primarily due to:

- Higher average revenue per device sold, net of promotions, primarily driven by an increase in the high-end phone mix
- Partially offset by a decrease in the total number of devices sold, primarily driven by lower prepaid devices

Sequential

Equipment revenues decreased 12% primarily due to:

- A decrease in the total number of devices sold
- Lower average revenue per device sold, net of promotions, primarily due to a decrease in the high-end phone mix
- Lower liquidation revenue, primarily due to a lower number of liquidated devices

Year-Over-Year

Cost of equipment sales, exclusive of Depreciation and Amortization (D&A), increased 8% primarily due to:

- Higher average cost per device sold, primarily driven by an increase in the high-end phone mix
- Partially offset by a decrease in the total number of devices sold, primarily driven by lower prepaid devices

Sequential

Cost of equipment sales, exclusive of D&A, decreased 8% primarily due to:

- A decrease in the total number of devices sold
- Lower liquidation costs, primarily due to a lower number of liquidated devices
- Lower average cost per device sold, primarily due to a decrease in the high-end phone mix

Cost of Equipment Sales, exclusive of D&A (\$ in millions, % of Equipment sales*)

*Equipment sales is defined as Equipment revenues less Lease revenues.

Cost of Services, exclusive of D&A (\$ in millions, % of Service revenues)

Year-Over-Year

Cost of services, exclusive of D&A, increased 10% primarily due to:

- Wholesale network access costs and amortization of customer installation fees paid to Metronet and Lumos
- Higher costs following the UScellular acquisition, including merger-related costs

Sequential

Cost of services, exclusive of D&A, decreased 11% primarily due to:

- Lower UScellular merger-related costs

Year-Over-Year

SG&A expense increased 8% primarily due to:

- Higher costs following the UScellular acquisition, including merger-related costs
- A \$151 million gain in Q2 2025 related to the completed sale of a portion of our 3.45 GHz spectrum licenses
- Higher bad debt expense
- Contract termination and other costs associated with retail transformation initiatives
- Partially offset by an increase in vendor credits related to software services

Sequential

SG&A expense decreased 2% primarily due to:

- An increase in vendor credits related to software services
- \$132 million in Q1 2026 of severance and related costs associated with the 2025-2026 workforce transformation and reinvestment initiative
- Partially offset by contract termination and other costs associated with retail transformation initiatives

Selling, General and Administrative (SG&A) Expense (\$ in millions, % of Service revenues)

Net Income

(\$ in millions, % of Service revenues)

Diluted Earnings Per Share (Diluted EPS)

Year-Over-Year

Net income was \$3.2 billion and Diluted earnings per share was \$2.99 in Q2 2026, compared to \$3.2 billion and \$2.84 in Q2 2025, primarily due to the factors described above and included the following:

- UScellular merger-related costs, including accelerated depreciation, net of tax, of \$146 million, or \$0.14 per share, in Q2 2026 and \$25 million, or \$0.02 per share, in Q2 2025
- A \$113 million gain, net of tax, or \$0.10 per share, in Q2 2025 related to the completed sale of a portion of our 3.45 GHz spectrum licenses
- Costs associated with the network restructuring initiative, including accelerated depreciation, net of tax, of \$46 million, or \$0.04 per share, in Q2 2026

Sequential

Net income was \$3.2 billion and Diluted earnings per share was \$2.99 in Q2 2026, compared to \$2.5 billion and \$2.27 in Q1 2026, primarily due to the factors described above and included the following:

- UScellular merger-related costs, including accelerated depreciation, net of tax, of \$146 million, or \$0.14 per share, in Q2 2026 and \$476 million, or \$0.43 per share, in Q1 2026
- Severance and related costs associated with the 2025-2026 workforce transformation and reinvestment initiative, net of tax, of \$105 million, or \$0.10 per share, in Q1 2026
- Costs associated with the network restructuring initiative, including accelerated depreciation, net of tax, of \$46 million, or \$0.04 per share, in Q2 2026 and \$103 million, or \$0.09 per share, in Q1 2026

Core Adjusted EBITDA*

(\$ in millions, % of Service revenues)

*Excludes Special Items (see detail on page 22)

Year-Over-Year

Core Adjusted EBITDA increased 12% primarily due to:

- Higher Total service revenues
- Partially offset by higher Cost of equipment sales, excluding Special Items, higher Cost of services, excluding Special Items, and higher SG&A expenses, excluding Special Items

Sequential

Core Adjusted EBITDA increased 3% primarily due to:

- Lower Cost of equipment sales, excluding Special Items
- Higher Total service revenues
- Lower SG&A expenses, excluding Special Items
- Partially offset by lower Equipment revenues, excluding Lease revenues

Year-Over-Year

Net cash provided by operating activities increased 7% primarily due to:

- Higher Net income, adjusted for non-cash income and expenses
- Partially offset by higher net cash outflows from changes in working capital

Sequential

Net cash provided by operating activities increased 4% primarily due to:

- Higher Net income, adjusted for non-cash income and expenses
- Partially offset by higher net cash outflows from changes in working capital

The impact of net payments for Merger-related costs on Net cash provided by operating activities was \$181 million in Q2 2026 compared to \$153 million in Q1 2026 and \$92 million in Q2 2025.

Net Cash Provided by Operating Activities

(\$ in millions)

Cash Purchases of Property and Equipment, incl. Capitalized Interest (\$ in millions, % of Service revenues)

Year-Over-Year

Cash purchases of property and equipment, including capitalized interest, increased 13% primarily due to:

- Planned timing of capital purchases, including for incremental capital expenditures following the UScellular acquisition

Sequential

Cash purchases of property and equipment, including capitalized interest, increased 3% primarily due to:

- Planned timing of capital purchases

Year-Over-Year

Adjusted Free Cash Flow increased 4% primarily due to:

- Higher Net cash provided by operating activities
- Partially offset by higher Cash purchases of property and equipment

Sequential

Adjusted Free Cash Flow increased 4% primarily due to:

- Higher Net cash provided by operating activities

The impact of net payments for Merger-related costs on Adjusted Free Cash Flow was \$181 million in Q2 2026 compared to \$153 million in Q1 2026 and \$92 million in Q2 2025.

Adjusted Free Cash Flow (\$ in millions)

Total Debt (Excluding Tower Obligations), Net Debt (Excluding Tower Obligations), and Net Debt to LTM Net Income and Core Adj. EBITDA Ratios (\$ in billions)

Total debt, excluding tower obligations, at the end of Q2 2026 was \$86.9 billion.

Net debt, excluding tower obligations, at the end of Q2 2026 was \$84.1 billion.

- On December 11, 2025, the company announced that its Board of Directors authorized a stockholder return program for up to \$14.6 billion that will run through December 31, 2026, consisting of additional repurchases of shares and payment of cash dividends with the next dividend payable September 10, 2026.
 - On April 23, 2026, the company announced that its Board of Directors increased the company's 2026 stockholder return authorization to up to \$18.2 billion, representing an increase of up to \$3.6 billion from its prior 2026 authorization.
- On a cumulative basis, since the company initiated its stockholder return program in Q3 2022, a total of \$54.6 billion has been returned to stockholders as of June 30, 2026, with 250.8 million shares repurchased for \$44.2 billion, and cumulative cash dividends of \$10.4 billion.
 - During Q2 2026, 11.4 million shares were repurchased for \$2.2 billion.
 - During Q2 2026, the company paid a cash dividend of \$1.02 per share of common stock, or \$1.1 billion, on June 11, 2026.
- In Q3 2026, through July 17, 2026, the company repurchased an additional \$392 million in common stock, totaling \$2.5 billion in total shares repurchased since the beginning of Q2 2026.

Stockholder Returns (\$ in millions)

2026 Outlook

Metric	Previous	Revised	Change at Midpoint
Postpaid net account additions	950 thousand to 1.05 million	950 thousand to 1.05 million	No change
Net income ⁽¹⁾	N/A	N/A	N/A
Effective tax rate	25% to 26%	25% to 26%	No change
Core Adjusted EBITDA ⁽²⁾	\$37.1 to \$37.5 billion	\$37.1 to \$37.5 billion	No change
Net cash provided by operating activities	\$28.1 to \$28.7 billion	\$28.4 to \$28.8 billion	\$200 million
Capital expenditures ⁽³⁾	~\$10.0 billion	~\$10.0 billion	No change
Adjusted Free Cash Flow	\$18.1 to \$18.7 billion	\$18.4 to \$18.8 billion	\$200 million

- (1) We are not able to forecast Net income on a forward-looking basis without unreasonable efforts due to the high variability and difficulty in predicting certain items that affect GAAP Net income, including, but not limited to, Special Items, Income tax expense and Interest expense. Core Adjusted EBITDA should not be used to predict Net income as the difference between this measure and Net income is variable.
- (2) Management uses Core Adjusted EBITDA as a measure to monitor the financial performance of our operations, excluding the impact of lease revenues from our related device financing programs.
- (3) Capital expenditures means cash purchases of property and equipment, including capitalized interest.

(Unaudited)

(in thousands)	Quarter						Six Months Ended June 30,	
	Q1 2025	Q2 2025	Q3 2025	Q4 2025	Q1 2026	Q2 2026	2025	2026
Accounts, end of period								
Total postpaid accounts ^{(1) (2) (3) (4) (5)}	31,099	31,502	33,979	34,240	34,439	34,700	31,502	34,700

(1) In the second quarter of 2025, we acquired 85,000 postpaid accounts from Lumos.

(2) In the third quarter of 2025, we acquired 633,000 postpaid accounts from Metronet and other acquisitions.

(3) In the third quarter of 2025, we acquired 1,448,000 postpaid accounts through the UScellular acquisition, which includes the impact of certain base adjustments to align the policies of UScellular and T-Mobile.

(4) In the first quarter of 2026, we recognized a base adjustment to decrease postpaid accounts by 18,000, primarily due to combining certain business accounts that have multiple billing account numbers.

(5) In the second quarter of 2026, Metronet agreed to repurchase certain customer accounts, resulting in a base adjustment to decrease postpaid accounts by 16,000.

These base adjustments had no impact on postpaid net account additions.

Reconciliation of Non-GAAP Financial Measures to GAAP Financial Measures
(Unaudited)

This Investor Factbook includes non-GAAP financial measures, including Adjusted EBITDA, Core Adjusted EBITDA, Net Debt, Adjusted Free Cash Flow and Adjusted Free Cash Flow margin. The non-GAAP financial measures should be considered in addition to, but not as a substitute for, the information provided in accordance with GAAP. Reconciliations for the non-GAAP financial measures to the most directly comparable GAAP financial measures are provided below. T-Mobile is not able to forecast Net income on a forward-looking basis without unreasonable efforts due to the high variability and difficulty in predicting certain items that affect GAAP Net income, including, but not limited to, Special Items, Income tax expense and Interest expense. Adjusted EBITDA and Core Adjusted EBITDA should not be used to predict Net income, as the difference between either of these measures and Net income is variable.

Adjusted EBITDA and Core Adjusted EBITDA are reconciled to Net income as follows:

(in millions, except percentages)	Quarter						Six Months Ended June 30,

- (1) Stock-based compensation includes payroll tax impacts and may not agree to stock-based compensation expense on the Condensed Consolidated Financial Statements.
- (2) In Q4 2025, we began implementing network restructuring initiatives as a result of recent technological advancements that enhanced our Customer-Driven Coverage insights. Network restructuring initiative costs consist of network decommissioning and contract termination costs related to the rationalization of our network and backhaul services and the elimination of duplicative costs.
- (3) Legal-related expenses (recoveries), net, consists of the settlement of certain litigation and compliance costs associated with the August 2021 cyberattack, net of insurance recoveries.
- (4) Other, net, primarily consists of certain severance, restructuring and other expenses, gains and losses, not directly attributable to the UScellular acquisition, which are not reflective of T-Mobile's ongoing core business activities and are, therefore, excluded from Adjusted EBITDA and Core Adjusted EBITDA. Other, net, for the three months ended March 31, 2026 and December 31, 2025, includes \$141 million and \$390 million, respectively, and \$141 million for the six months ended June 30, 2026, of severance and related costs associated with the 2025-2026 workforce transformation and reinvestment initiative. Additionally, Other, net, for both the three and six months ended June 30, 2026, includes \$108 million of costs associated with retail initiatives to close certain dealer and corporate owned stores in connection with our ongoing digital initiatives to simplify routine transactions, as well as enhance customer experiences by transitioning in part to large-format experience stores.

Definitions of Terms

Operating and financial measures are utilized by T-Mobile's management to evaluate its operating performance and, in certain cases, its ability to meet liquidity requirements. Although companies in the telecommunications industry may not define measures in precisely the same way, T-Mobile believes the measures facilitate key operating performance comparisons with other companies in the telecommunications industry to provide management, investors and analysts with useful information to assess and evaluate past performance and assist in forecasting future performance.

1. **Account** - Generally, a billing account that generates revenue. Postpaid accounts generally consist of customers that are qualified for postpaid service utilizing phones, 5G broadband gateways, fiber connections, mobile internet devices, including tablets and hotspots, wearables, DIGITS or other connected devices, including SyncUP and IoT, where they generally pay after receiving service.
2. **Account Churn** - The number of accounts whose service was deactivated as a percentage of the average number of accounts during the specified period further divided by the number of months in the period. The number of accounts whose service was deactivated is calculated net of accounts that subsequently had their service restored within a certain period of time and excludes accounts who received service for less than a certain minimum period of time, account mergers and account migrations.
3. **Postpaid Average Revenue Per Account ("ARPA")** - Average monthly postpaid service revenue earned per account. Postpaid service revenues for the specified period divided by the average number of postpaid accounts during the period, further divided by the number of months in the period.

Service revenues - Postpaid, including handset insurance, prepaid, wholesale and other service revenues.

4. **Cost of services** - Costs directly attributable to providing wireless communications and broadband services, including direct switch and cell site costs, such as rent, network access and transport costs, utilities, maintenance, associated labor costs, long distance costs, regulatory program costs, roaming fees paid to other carriers and data content costs.

Cost of equipment sales - Costs of devices and accessories sold to customers and dealers, device costs to fulfill insurance and warranty claims, write-downs of inventory related to shrinkage and obsolescence, and shipping and handling costs.

Selling, general and administrative expenses - Costs not directly attributable to providing wireless communications and broadband services for the operation of sales, customer care and corporate activities. These include all commissions paid to dealers and retail employees for activations and upgrades, labor and facilities costs associated with retail sales force and administrative space, marketing and promotional costs, customer support and billing, bad debt expense and administrative support activities.

5. **Net income margin** - Net income divided by Service revenues.
6. **Adjusted EBITDA and Core Adjusted EBITDA** - Adjusted EBITDA represents earnings before Interest expense, net of Interest income, Income tax expense, Depreciation and amortization, stock-based compensation and Special Items. Core Adjusted EBITDA represents Adjusted EBITDA less device lease revenues. Core Adjusted EBITDA and Adjusted EBITDA are non-GAAP financial measures utilized by T-Mobile's management, including our chief operating decision maker, to monitor the financial performance of our operations and allocate resources of the Company as a whole. T-Mobile historically used Adjusted EBITDA and T-Mobile currently uses Core Adjusted EBITDA internally as a measure to evaluate and compensate its personnel and management for their performance. T-Mobile uses Adjusted EBITDA and Core Adjusted EBITDA as benchmarks to evaluate its operating performance in comparison to competitors. Management believes analysts and investors use Core Adjusted EBITDA and Adjusted EBITDA as supplemental measures to evaluate overall operating performance and to facilitate comparisons with other wireless communications and broadband services companies because they are indicative of T-Mobile's ongoing operating performance and trends by excluding the impact of Interest expense from financing, depreciation and amortization from capital investments, stock-based compensation and Special Items. Management believes analysts and investors use Core Adjusted EBITDA because it normalizes for the transition in the company's device financing strategy, by excluding the impact of device lease revenues from Adjusted EBITDA, to align with the related depreciation expense on leased devices, which is excluded from the definition of Adjusted EBITDA. Core Adjusted EBITDA and Adjusted EBITDA have limitations as analytical tools and should not be considered in isolation or as a substitute for Income from operations, Net income or any other measure of financial performance reported in accordance with U.S. Generally Accepted Accounting Principles ("GAAP").
7. **Special Items** - Certain expenses, gains, and losses which are not reflective of our ongoing performance. Special Items include UScellular merger-related costs, network restructuring initiative costs (as discussed above), certain legal-related recoveries and expenses, Impairment expense, restructuring costs not directly attributable to the UScellular acquisition (including severance), and other non-core gains and losses.
8. **Adjusted EBITDA margin and Core Adjusted EBITDA margin** - Adjusted EBITDA margin is calculated as Adjusted EBITDA divided by Service revenues. Core Adjusted EBITDA margin is calculated as Core Adjusted EBITDA divided by Service revenues. Adjusted EBITDA margin and Core Adjusted EBITDA margin are non-GAAP financial measures utilized by T-Mobile's management, including our chief operating decision maker, to monitor the financial performance of our operations and allocate resources of the Company as a whole.
9. **Net cash provided by operating activities margin** - Net cash provided by operating activities margin is calculated as Net cash provided by operating activities divided by Service revenues.
10. **Adjusted Free Cash Flow** - Net cash provided by operating activities less cash payments for purchases of property and equipment. Adjusted Free Cash Flow is utilized by T-Mobile's management, investors, and analysts of our financial information to evaluate cash available to pay debt, repurchase shares, pay dividends and provide further investment in the business.
11. **Adjusted Free Cash Flow margin** - Adjusted Free Cash Flow margin is calculated as Adjusted Free Cash Flow divided by Service revenues. Adjusted Free Cash Flow margin is utilized by T-Mobile's management, investors, and analysts to evaluate the company's ability to convert service revenue efficiently into cash available to pay debt, repurchase shares, pay dividends and provide further investment in the business.
12. **Net debt** - Short-term debt, short-term debt to affiliates, long-term debt (excluding tower obligations), and long-term debt to affiliates, short-term financing lease liabilities and financing lease liabilities, less cash and cash equivalents.
13. **Net payments for merger-related costs** include net cash payments for Sprint merger-related costs and UScellular merger-related costs.

14. UScellular merger-related costs to date include:

- Integration costs to achieve efficiencies in network, retail, information technology and back office operations and migrate customers to the T-Mobile network and billing systems;
- Restructuring costs, including contract terminations, severance and network decommissioning; and
- Transaction costs, including legal and professional services related to the completion of the UScellular acquisition.

Cautionary Statement Regarding Forward-Looking Statements

This communication includes forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. All statements other than statements of historical fact, including information concerning T-Mobile US, Inc.'s future results of operations, are forward-looking statements. These forward-looking statements are generally identified by the words "anticipate," "believe," "estimate," "expect," "intend," "may," "could" or similar expressions. Forward-looking statements are based on current expectations and assumptions, which are subject to risks and uncertainties and may cause actual results to differ materially from the forward-looking statements. Important factors that could affect future results and cause those results to differ materially from those expressed in the forward-looking statements include, among others, the following: competition, industry consolidation and changes in the market for wireless communications services and other forms of connectivity; cyberattacks, disruptions, data loss or other security breaches; our inability to adopt and deploy network technologies in a timely and effective manner; our inability to effectively execute our digital initiatives and drive customer and employee adoption of emerging technologies; our inability to retain or motivate key personnel, hire qualified personnel or maintain our corporate culture; system failures and business disruptions, allowing for unauthorized use of or interference with our network and other systems; the scarcity and cost of additional wireless spectrum, and regulations relating to spectrum use; the timing and effects of any pending and future acquisition, investment, joint venture, merger or divestiture involving us, including our inability to obtain any required regulatory approval necessary to consummate any such transactions or to achieve the expected benefits of such transactions; adverse economic, political or market conditions in the U.S. and international markets, including changes resulting from increases in oil prices, inflation or interest rates, tariffs and trade restrictions, supply chain disruptions, fluctuations in global currencies, immigration policies, and impacts of geopolitical instability, such as global conflict, wars and further escalations thereof; operational delays, higher procurement costs, such as memory chip cost impacts on smartphones, and operational costs, and increased regulatory and compliance complexities, for example, as a result of changes to trade policies, including higher tariffs, restrictions and other economic disincentives to trade; our inability to successfully deliver new products and services; any failure or inability of our third parties (including key suppliers) to provide products or services for the operation of our business; sociopolitical volatility and polarization and risks related to environmental, social and governance matters; our substantial level of indebtedness and our inability to service our debt obligations in accordance with their terms; changes in the credit market conditions, credit rating downgrades or an inability to access debt markets; our inability to maintain effective internal control over financial reporting; compliance with the current regulatory framework, including our national security obligations, and any changes in regulations or in the regulatory framework under which we operate; laws and regulations relating to the handling of privacy, data protection and artificial intelligence; unfavorable outcomes of and increased costs from existing or future regulatory or legal proceedings; difficulties in protecting our intellectual property rights or if we infringe on the intellectual property rights of others; our offering of regulated financial services products and exposure to a wide variety of state and federal regulations; new or amended tax laws or regulations or administrative interpretations and judicial decisions affecting the scope or application of tax laws or regulations; our wireless licenses, including those controlled through leasing agreements, are subject to renewal and may be revoked; our exclusive forum provision as provided in our Certificate of Incorporation; interests of Deutsche Telekom AG ("DT"), our controlling stockholder, which may differ from the interests of other stockholders; our current and future stockholder return programs may not be fully utilized, and our share repurchases and dividend payments pursuant thereto may fail to have the desired impact on stockholder value; future sales of our common stock by DT and our inability to attract additional equity financing outside the United States due to foreign ownership limitations by the Federal Communications Commission; and other risks as disclosed in our most recent annual report on Form 10-K, and subsequent Forms 10-Q and other filings with the Securities and Exchange Commission. Given these risks and uncertainties, readers are cautioned not to place undue reliance on such forward-looking statements. We undertake no obligation to revise or publicly release the results of any revision to these forward-looking statements, except as required by law.
