DISCLAIMER

This presentation contains or incorporates by reference forward-looking statements, within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements include any statement that does not directly relate to historical or current facts. These statements may discuss, among other things, Kinsale's future financial performance, business prospects and strategy, anticipated financial position, liquidity and capital, dividends and general market and industry conditions. You can identify forward-looking statements by words such as "anticipates," "estimates," "expects," "intends," "plans," "predicts," "projects," "believes," "seeks," "outlook," "future," "will," "would," "should," "could," "may," "can have" and similar terms. Forward-looking statements are based on management's current expectations and assumptions about future events, which are subject to uncertainties, risks and changes in circumstances that are difficult to predict. These statements are only predictions and are not guarantees of future performance. Forward-looking statements speak only as of the date on which they are made. Except as expressly required under federal securities laws or the rules and regulations of the SEC, Kinsale does not assume any obligation to update or revise any forward-looking statement, whether as a result of new information, future events or otherwise. You should not place undue reliance on forward-looking statements. All forward-looking statements attributable to Kinsale are expressly qualified by these cautionary statements.

To supplement Kinsale's consolidated financial statements prepared in accordance with accounting principles generally accepted in the United States (GAAP) and to better reflect period-over-period comparisons, Kinsale uses non-GAAP financial measures of performance and financial position that either exclude or include amounts that are not normally excluded or included in the most directly comparable measure calculated and presented in accordance with GAAP. Non-GAAP financial measures do not replace and are not superior to the presentation of GAAP financial results but are provided to improve overall understanding of Kinsale's current financial performance and its prospects for the future. Kinsale believes the non-GAAP financial results provide useful information to both management and investors regarding certain additional financial and business trends relating to financial condition and operating results. In addition, management uses these measures, along with GAAP information, for reviewing financial results and evaluating its historical operating performance. The non-GAAP adjustments for all periods presented are based upon information and assumptions available as of the date of this presentation. The non-GAAP information is not prepared in accordance with GAAP and may not be comparable to non-GAAP information used by other companies. For further discussion of the limitations of these non-GAAP financial measures and the reconciliations to the most directly comparable GAAP financial measures, see the Appendix to this presentation.

OUR UNDERWRITING EXPERTISE ACROSS A BROAD SPECTRUM OF HARD-TO-PLACE RISKS

- Broad appetite to underwrite a diverse set of risks across the E&S market, including some difficult risks where we believe pricing may be attractive
- Highly experienced underwriting team individually underwrites each risk to appropriately price and structure solutions for insureds
- Utilize proprietary technology for efficient customer identification and attractive risk selection
- Balance broad risk appetite by maintaining a diversified book of smaller accounts with strong pricing and well-defined coverages
- Unlike many of our competitors, we do not extend underwriting authority to brokers, agents, or other third parties

¹ Includes Energy, Excess Professional, Life Sciences, Inland Marine, Professional Liability, Environmental, Health Care, Management Liability, Public Entity, Agribusiness - Casualty, Aviation, Agribusiness - Property, Ocean Marine, Product Recall

TECHNOLOGY IS A CORE COMPETENCY

Proprietary technology platform

Integrated digital platform reduces costs

Data and analytics

Rapid web-based business processes

Positive feedback loop

Key highlights

- Proprietary platform design **reflects the best practices our management team** has learned from extensive prior experience
- Integrated digital platform **enables scale, reliability and performance throughout the organization**, promoting clear communication, accurate customer data, and operational efficiency
- Data warehouse systematically collects an **array of statistical data** throughout the underwriting process in order to inform future underwriting and business decisions
- Systems architecture minimizes costly data-entry steps and permits the underwriter to **focus on underwriting the account accurately and rapidly**
- **No legacy software or duplicative systems** allows more focus on innovation
- **Efficiency, accuracy, and speed** in our systems enables a positive feedback loop across our team and creates a competitive advantage

We believe that our technology platform will provide us with an enduring competitive advantage as it allows us to quickly respond to market opportunities and will continue to scale as our business grows.

KINSALE IS WELL-POSITIONED FOR CONTINUED PROFITABLE GROWTH

Growth Drivers

- Expand our presence in the E&S market
- Focus on smaller accounts which we believe are subject to less competition
- Maintain a contrarian risk appetite
- Develop new product offerings where we have underwriting expertise
- Leverage technology to drive efficiencies and improve service standards
- Maintain a strong balance sheet to ensure a platform for future growth
