# Postal Fleet Services Selects Ryder for Natural Gas Vehicle Solution in Four States

8/3/2016

Company to Deploy 20 Compressed Natural Gas Vehicles to Support Mail Distribution

MIAMI--(BUSINESS WIRE)-- **Ryder System, Inc.** (NYSE: R), a leader in commercial **fleet management, dedicated transportation, and supply chain** solutions, announced that Postal Fleet Services, Inc. signed a Ryder **ChoiceLease Full Service** agreement for 20 compressed natural gas (CNG) heavy-duty vehicles supporting mail delivery operations in Orlando, Fla., Lafayette, La., Jackson, Miss., and La Vergne, Tenn.

TWEET THIS: Postal Fleet Services selects **@RyderSystemInc** to support mail distribution in FL, MS, LA, & TN with 20 **#naturalgas** vehicles **#ngv**

Postal Fleet Services has relied on Ryder for fleet leasing and maintenance solutions for more than 10 years. The 20 CNG fueled vehicles will now be added to the existing fleet of Ryder diesel-powered vehicles that already supports Postal Fleet Services' mail distribution operations. The vehicles will be serviced by Ryder's maintenance network of best-in-class natural gas trained technicians within Ryder's maintenance facilities that meet the unique compliance requirements for servicing advanced fueled vehicles.

"With Ryder's help, our team is committed to providing our customer with the best overall delivery service while also helping them achieve the best transportation value in the industry," said Don Dorris, Owner of Postal Fleet Services. "Postal Fleet Services takes pride in being a mail delivery contractor where we have the ability to respond to our customer's additional needs in minutes. We can now continue to perform above their expectations, while operating more cost-efficiently and environmentally-friendly. Ryder has been extremely responsive to our service needs, which makes us confident about our continued relationship as their help is critical to provide the logistics expertise, knowledge, and know-how needed to ensure that the fleet is operating at its best."

"Ryder continues to see demand for natural gas vehicles from businesses that are looking through a longer term lens, and want to realize the environmental and fuel efficiency benefits," said Ryder President of Global Fleet Management Solutions, Dennis Cooke. "When companies outsource to Ryder, they get the benefits of our extensive

experience operating and maintaining natural gas fleets, so they can reduce risk, maximize performance, speed return on investment, and focus on driving what matters to them – managing their core business and servicing their customers.”

Ryder is the leader in natural gas vehicle (NGV) solutions for the commercial transportation industry, with more than 90 million miles of experience, 22 NGV maintenance facilities, and more than 5,500 NGV trained maintenance and support personnel. With the deployment of the NGVs in Postal Fleets Services’ fleet in Tennessee and Mississippi, Ryder has now expanded its NGV offering into 16 states and two Canadian provinces. Ryder has CNG and Liquefied natural gas (LNG) customers in Arizona, Arkansas, California, Florida, Georgia, Louisiana, Maryland, Michigan, Minnesota, New York, Pennsylvania, Texas, Utah, Wisconsin and in both Ontario and Quebec, Canada. Ryder also operates Liquefied to Compressed Natural Gas (LCNG) fuel stations at its Fontana and Orange, Calif., service locations where Ryder has partnered with Clean Energy Fuels to offer renewable natural gas, the cleanest fuel available today.
