

## **Vonage Spreads Holiday Cheer with Free Vonage Wish List Hotline**

November 19, 2015

HOLMDEL, N.J., Nov. 19, 2015 /PRNewswire/ -- The leaves have fallen from the trees, there's a chill in the air, families are gathering to share their thanks, and a certain Friday is about to officially kick off the holiday season!

With the holidays upon us, Vonage will once again open the Company's free Vonage Wish List Hotline to Kris Kringle himself. Now through Christmas Eve, customers and their families can connect directly to a holiday greeting from Santa by calling 1-700-CALL-SANTA (1-700-225-5726) from a Vonage home phone or the Vonage® Extensions® App. After Santa's message, kids will have the opportunity to leave a message about what they'd like to see under the tree this year.

Vonage will send the recorded message to Vonage account holders to their email on file. This way, they will know exactly what their loved ones wished for this year - and can avoid getting the same gift as Santa! This takes the guessing game out of gift giving. The audio attachment can be forwarded to other family members and friends, or even set aside as a keepsake.

Non-Vonage customers can still call the Vonage Wish List Hotline by following the instructions at [www.vonage.com/northpole](http://www.vonage.com/northpole).

On Christmas Eve, callers will be able to track Santa's whereabouts as he delivers presents around the world. Starting at 5 p.m. ET on December 24, Vonage customers can dial 1-700-CALL-SANTA to hear where Santa and his reindeer have been and where they are headed next!

### **About Vonage**

Vonage (NYSE: VG) is a leading provider of cloud communications services for businesses and consumers. The Company provides a robust suite of feature-rich business and residential communication solutions that offer flexibility, portability and ease-of-use across multiple devices designed to meet the needs of a wide range of customers. Vonage's portfolio of business products covers the full spectrum of business communications needs, serving single-person companies to those with thousands of employees spread over multiple locations. Vonage provides bring-your-own-broadband (BYOB) cloud products and those that offer carrier-grade reliability and Quality of Service (QoS) across BYOB options and the Company's private, national MPLS IP network, as well as integration with industry-leading CRM and business workflow applications. In 2015, the Company was named a Visionary in the Gartner Magic Quadrant for Unified Communications as-a-Service, Worldwide and also earned the Frost & Sullivan Growth Excellence Leadership Award for Hosted IP and Unified Communications and Collaboration (UCC) Services. For more information, visit [www.vonage.com](http://www.vonage.com).
