American Homes 4 Rent Provides Hurricane Harvey Outreach Update

AGOURA HILLS, Calif., Sept. 6, 2017 —American Homes 4 Rent (NYSE: AMH), owner of approximately 3,200 single-family rental homes in the Houston market, provides an update on its progress in contacting residents and restoration efforts in the aftermath of Hurricane Harvey.

“Over the last week, our response teams have made significant progress reaching out to impacted residents, resolving issues and restoring homes,” stated David Singelyn, American Homes 4 Rent’s Chief Executive Officer. “Our main priority is the health, well-being and safety of our residents, and we remain committed to our residents and Houston to help restore and rebuild this community.”

American Homes 4 Rent has actively reached out to affected residents and has dispatched numerous response teams comprised of employees, dedicated vendors and suppliers to provide support to impacted residents and restore homes.

Unfortunately, a small number of our Houston homes require significant remediation as a result of Harvey where continued occupancy may pose a health and safety hazard. As such, American Homes 4 Rent has established a Resident Aid Station at its Houston office; assigned dedicated American Homes 4 Rent relationship managers to each displaced resident to assist with finding alternative housing, including transferring to other vacant properties; and engaged a local firm to help our residents obtain FEMA and other relief assistance.

American Homes 4 Rent offices throughout Texas are open. In addition, residents can call our centralized Houston communication center at (844) 854-7804 or visit our website at [AH4R - Harvey Info](#) for support.
