

Tennant Company Publishes 2026 (FY25) Sustainability Report

MINNEAPOLIS, June 25, 2026—[Tennant Company](#) (NYSE: TNC), a world leader in designing, manufacturing, and marketing solutions that create a cleaner, safer, and healthier world, today published its 2026 (FY25) Sustainability Report, highlighting continued progress and a strengthened approach to delivering long-term impact.

The report reflects Tennant's ongoing efforts to integrate sustainability into its business while strengthening the company's approach to governance, data quality, and execution. Over the past year, Tennant focused on building a more consistent and disciplined approach, including strengthening governance, improving data quality and reliability, and increasing alignment across teams and priorities. These efforts are helping establish a stronger foundation for delivering measurable, long-term impact.

The report also outlines continued progress across key areas, including:

- Investing \$2 million in our communities through our social impact and corporate giving initiatives
- Advancing community partnerships, including SkillsUSA to advance workforce development and the American Red Cross to support disaster preparedness and response
- Enabling the cleaning of 8.2 trillion square feet of shared spaces in partnership with customers
- Sourcing 99% of global electricity from renewable sources
- Expanding access to electric and lithium-ion battery technologies, reducing the use-phase emissions of our products
- Completing waste baselines across all global manufacturing facilities to strengthen performance tracking

The report reinforces Tennant's commitment to continuous improvement and transparent reporting as the company continues to evolve its sustainability strategy and integrate sustainability into its operations, products, and customer solutions.
