Fatal Incident at Alumar

PITTSBURGH, August 1, 2025 – During the evening of July 31, 2025, a maintenance employee was involved in a significant incident at the Alumar smelter carbon plant. The employee was fatally injured and later passed away.

Alcoa is deeply saddened by this tragedy and has expressed the Company's sincerest condolences to the employee's loved ones.

Alcoa is working with its partners and relevant authorities to conduct an investigation and to ensure the necessary steps are being taken to achieve the highest standards of health and safety throughout the entire organization.

About Alcoa Corporation

Alcoa is a global industry leader in bauxite, alumina and aluminum products with a vision to build a legacy of excellence for future generations. With a values-based approach that encompasses integrity, operating excellence, care for people, and courageous leadership, our purpose is to Turn Raw Potential into Real Progress. Since developing the process that made aluminum an affordable and vital part of modern life, our talented Alcoans have developed breakthrough innovations and best practices that have led to greater efficiency, safety, sustainability, and stronger communities wherever we operate.

Dissemination of Company Information

Alcoa intends to make future announcements regarding company developments and financial performance through its website, www.alcoa.com, as well as through press releases, filings with the Securities and Exchange Commission, conference calls, media broadcasts, and webcasts. The Company does not incorporate the information contained on, or accessible through, its corporate website into this press release.
