Disclaimer

This presentation contains statements about future events and expectations that constitute forward-looking statements. Forward-looking statements are based on our beliefs, assumptions and expectations of our future financial and operating performance and growth plans, taking into account the information currently available to us. These statements are not statements of historical fact. Forward-looking statements involve risks and uncertainties that may cause our actual results to differ materially from the expectations of future results we express or imply in any forward-looking statements, and you should not place undue reliance on such statements. Factors that could contribute to these differences include the following: national, international, regional and local economic conditions, including impacts and uncertainty from trade disputes and tariffs on goods imported to the United States and goods exported to other countries; periods of economic slowdown or recession; the impact of supply chain disruptions, including, among others, the impact of labor availability, raw material availability, manufacturing and food production and transportation; uncertainties and risks related to public health crises; adverse economic or real estate developments in our geographic markets or the temperature-controlled warehouse industry; risks associated with the ownership of real estate generally and temperature-controlled warehouses in particular; general economic conditions; acquisition risks, including the failure to identify or complete attractive acquisitions or the failure of acquisitions to perform in accordance with projections or our failure to realize the intended benefits from our acquisitions, including synergies, or disruptions to our plans and operations or unknown or contingent liabilities related to our acquisitions; risks related to expansions of existing properties and developments of new properties, including failure to meet budgeted or stabilized returns within expected timeframes, or at all, in respect thereof; a failure of our information technology systems, systems conversions and integrations, cybersecurity attacks or a breach of our information security systems, networks or processes could cause business disruptions or loss of confidential information; risks related to privacy and data security concerns, and data collection and transfer restrictions and related foreign regulations; defaults or non-renewals of significant customer contracts; uncertainty of revenues, given the nature of our customer contracts; increased interest rates and operating costs; our failure to obtain necessary outside financing on attractive terms or at all; risks related to, or restrictions contained in, our debt financings; decreased storage rates or increased vacancy rates; risks related to current and potential international operations and properties; difficulties in expanding our operations into new markets, including international markets; risks related to the partial ownership of properties, including our JV investments; our failure to maintain our status as a Real Estate Investment Trust ("REIT"); possible environmental liabilities, including costs, fines or penalties that may be incurred due to necessary remediation of contamination of properties presently or previously owned by us; financial market fluctuations; actions by our competitors and their increasing ability to compete with us; geopolitical conflicts, such as the on-going conflict between Russia and Ukraine or a resurgence of conflict in the Middle East; rising inflationary pressures, increased interest rates and operating costs; labor and power costs; labor shortages; risks related to rising construction costs; risk related to implementation of the new enterprise resource planning system; risks related to natural disasters; changes in applicable governmental regulations and tax legislation, including in the international markets; additional risks with respect to the addition of European operations and properties; changes in real estate and zoning laws and increases in real property tax rates; our relationship with our associates; the occurrence of any work stoppages or any disputes under our collective bargaining agreements and employment related litigation; liabilities as a result of our participation in multi-employer pension plans; uninsured losses or losses in excess of our insurance coverage; the potential liabilities, costs and regulatory impacts associated with our in-house trucking services and the potential disruptions associated with the use of third-party trucking service providers to provide transportation services to our customers; the cost and time requirements as a result of our operation as a publicly traded REIT; changes in foreign currency exchange rates; the impact of anti-takeover provisions in our constituent documents and under Maryland law, which could make an acquisition of us more difficult, limit attempts by our shareholders to replace our directors and affect the price of our shares of common stock of beneficial interest, $0.01 par value per share; or the potential dilutive effect of our common stock offerings, including our ongoing at the market program.

Words such as “anticipates,” “believes,” “continues,” “estimates,” “expects,” “goal,” “objectives,” “intends,” “may,” “opportunity,” “plans,” “potential,” “near-term,” “long-term,” “projections,” “assumptions,” “projects,” “guidance,” “forecasts,” “outlook,” “target,” “trends,” “should,” “could,” “would,” “will” and similar expressions are intended to identify such forward-looking statements, although not all forward-looking statements may contain such words. Examples of forward-looking statements included in this presentation include, among others, statements about our growth strategies and opportunities, improvement opportunities, including cost reductions, expected expansion and development pipeline and our targeted return on invested capital on expansion and development opportunities and statements about industry-wide headwinds. We qualify any forward-looking statements entirely by these cautionary factors. Other risks, uncertainties and factors, including those discussed under “Risk Factors” in our Annual Report on Form 10-K for the year ended December 31, 2024, and our other reports filed with the Securities and Exchange Commission, could cause our actual results to differ materially from those projected in any forward-looking statements we make. We assume no obligation to update or revise these forward-looking statements for any reason, or to update the reasons actual results could differ materially from those anticipated in these forward-looking statements, even if new information becomes available, in the future, except to the extent required by law.

Non-GAAP Measures

This presentation contains non-GAAP financial measures, including AFFO, Core EBITDA, Core EBITDA Margin, Pro Forma ("PF") Core EBITDA, NOI and margin, constant currency basis and maintenance capital expenditures. Definitions and reconciliations of these non-GAAP metrics to their most comparable GAAP metrics are included within our quarterly financial supplement for the three and nine months ended September 30, 2025 as filed with the SEC on November 6, 2025. Each of these non-GAAP measures included in this presentation has limitations as an analytical tool and should not be considered in isolation or as a substitute for an analysis of the Company's results calculated in accordance with GAAP. In addition, because not all companies use identical calculations, the Company's presentation of non-GAAP measures in this presentation may not be comparable to similarly titled measures disclosed by other companies, including other REITs.

3. Growth Drivers & Well-Positioned Strategy

2026 Key Priorities

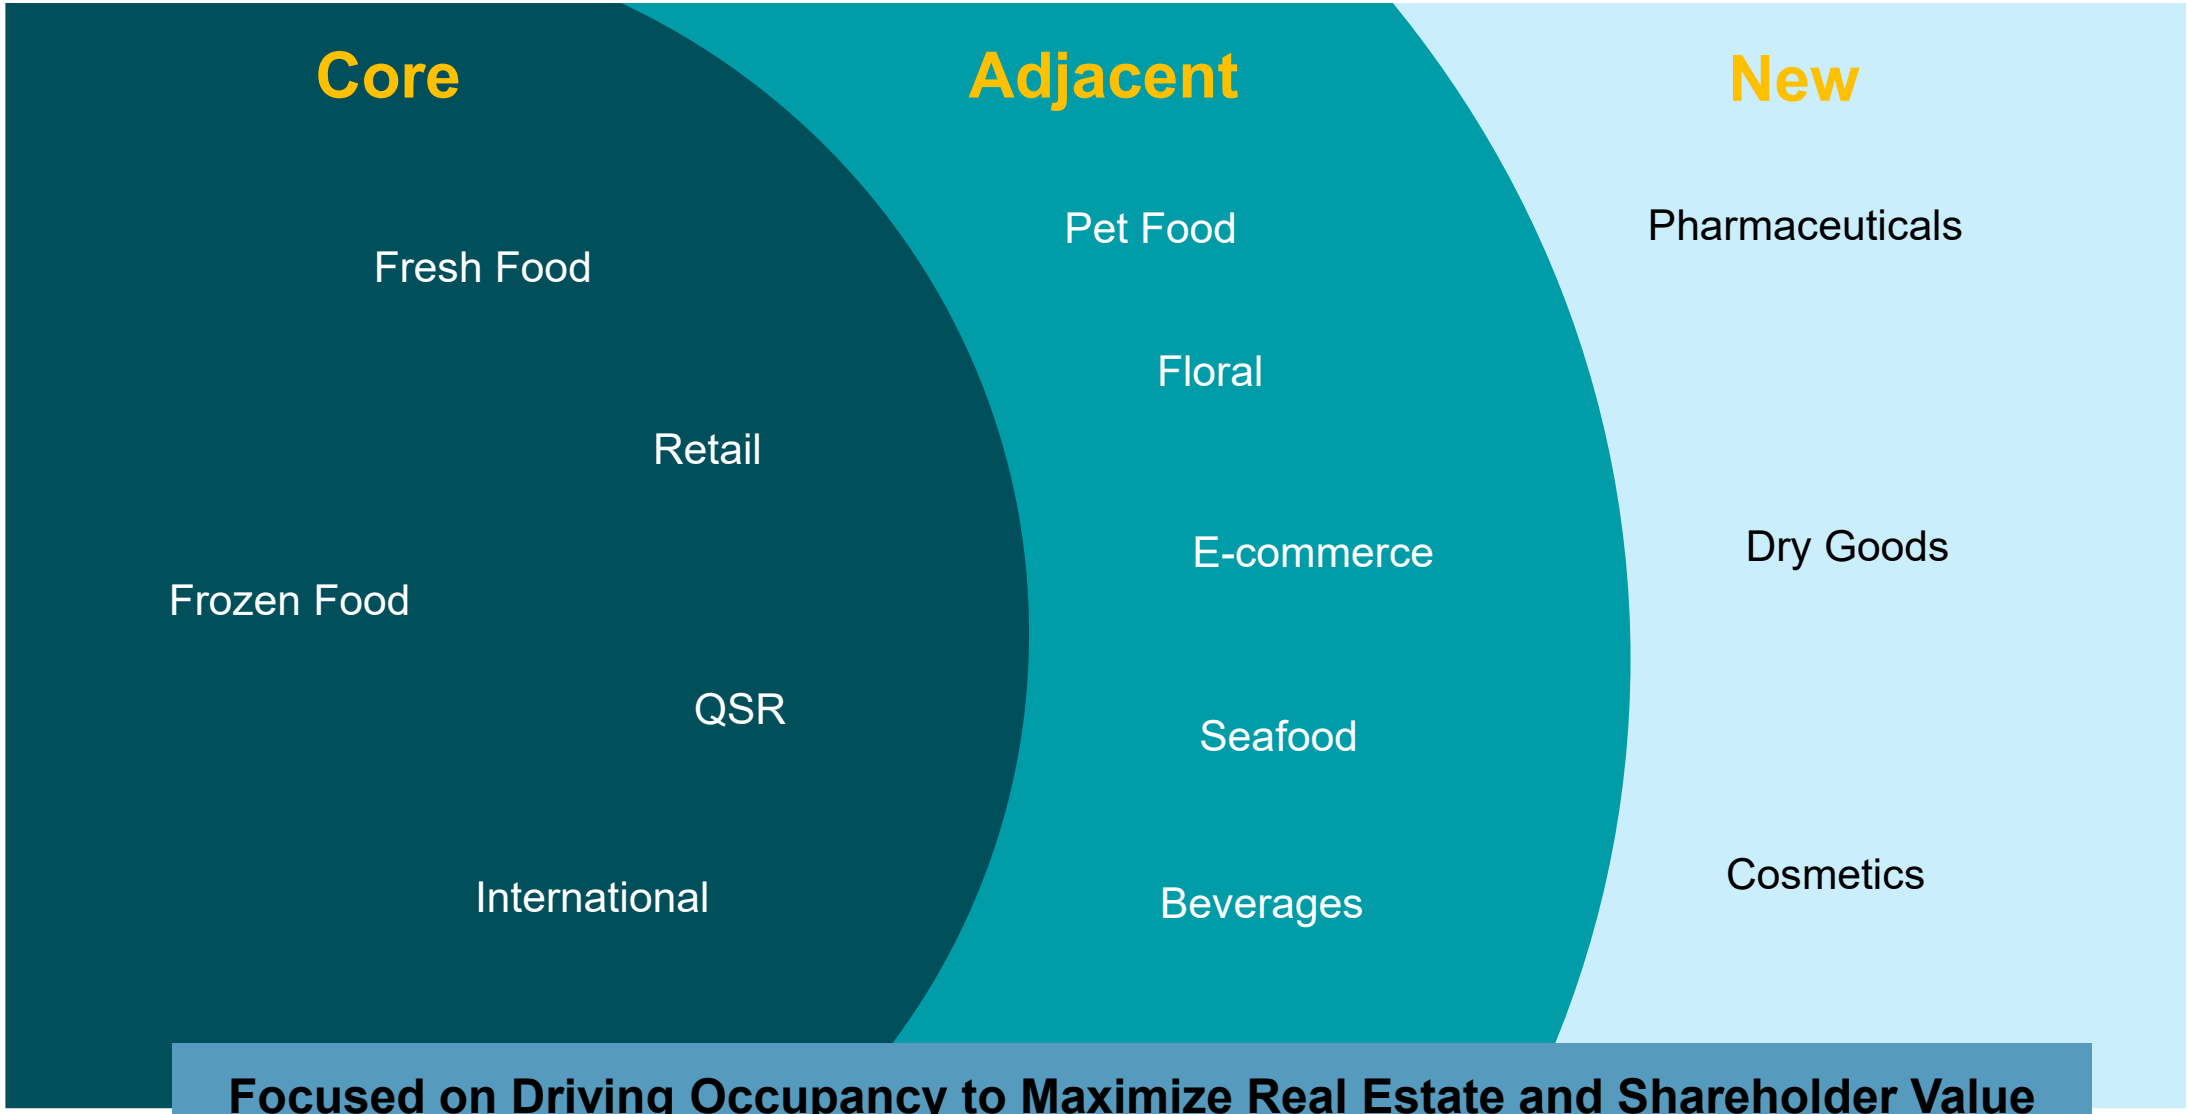

Initiatives Developed Over Past 90 Days as Part of CEO Transition

- **Strategic capital management** to de-lever balance sheet
  - Company is committed to maintaining an investment grade profile and maintaining the dividend
  - Evaluating multiple sources of available capital that have been identified
- **Creating value from our real estate** through portfolio management of low profit facilities, NNN leasing of space to tenants, and/or non-strategic asset sales
- **Driving organic growth by leveraging COLD's advantages in under-penetrated sectors,** such as retail, QSR, convenience, e-commerce, pet food, floral, pharmacy, and more
- **Inorganic growth from lower-risk projects**, such as customer-dedicated, partnership-driven, and international
  - Plan to limit near-term development spend until leverage is reduced
  - Future development focused on opportunities with significant pre-leasing
- **Continued rightsizing of our cost structure and managing costs closely**
  - Currently executing plan to reduce SG&A and indirect labor, will be completed at the end of Q1 2026, with anticipated run rate cost savings of more than $30M
  - Additional $50M+ year-over-year reduction in cash costs related to acquisition, cyber and other

Leveraging Our Strategic Advantages

Expanding the Aperture to Adjacent Growth Opportunities

Focused on Driving Occupancy to Maximize Real Estate and Shareholder Value

Global Opportunity to Grow Retail and QSR Presence

What is Retail/QSR?
