In response to investor questions following our second quarter fiscal year 2026 earnings call held on August 10, 2026, we are providing the following clarification regarding the treatment of foreign exchange in our fiscal year 2026 guidance.

Our fiscal year 2026 revenue guidance range of $1,466 million to $1,474 million does not embed a material foreign exchange assumption.

As stated on our earnings call, our third quarter and fiscal year 2026 non-GAAP operating margin and adjusted free cash flow guidance assume a negative foreign exchange impact of approximately 100 to 200 basis points.

This clarification does not reflect any change to our previously announced guidance. Forward-looking statements on this page are subject to the risks and uncertainties described in our Annual Report on Form 20-F and our reports on Form 6-K furnished to the SEC.
