Efficiency Ratio

Consistent investment in technology and branch network expansion

*An adjusted efficiency ratio is presented above for 2022 and 2021 in an effort to provide more comparable ratios for each period presented. These adjusted efficiency ratios eliminate net gains (losses) on sales, calls, and impairment of investment securities, as well as net gains (losses) on sales of acquired premises and equipment and disposition of any acquired assets, if applicable, and the fluctuation in non-interest expenses related to amortization of investments in tax credit partnerships and non-recurring merger expenses.
