SEC SAFE HARBOR

The statements contained in this Investor Presentation that are not purely historical are forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. All statements other than statements of historical facts contained in this Investor Presentation, including statements regarding our future operating results, future financial position, business strategy, objectives, goals, plans, prospects, and markets, and plans and objectives for future operations, are forward-looking statements. In some cases, you can identify forward-looking statements by terms such as "anticipates," "believes," "estimates," "expects," "intends," " targets," "contemplates," "projects," "predicts," "may," "might," "plan," "will," "would," "should," "could, "can," "potential," "continue," "objective," or the negative of those terms, or similar expressions intended to identify forward-looking statements. However, not all forward-looking statements contain these identifying words. Specific forward-looking statements in this Investor Presentation include our belief that we turn our Clients' sustainability strategies into financial gains and competitive strength; our belief that we are poised to achieve significant margin improvement; and our growth strategy. All forward-looking statements included herein are based on information available to us as of the date hereof and speak only as of such date. Except as required by law, we undertake no obligation to update any forward-looking statements to reflect events or circumstances after the date of such statements. The forward-looking statements contained in this Investor Presentation reflect our views as of the date of this Investor Presentation about future events and are subject to risks, uncertainties, assumptions, and changes in circumstances that may cause our actual results, performance, or achievements to differ significantly from those expressed or implied in any forward-looking statement. Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future events, results, performance, or achievements. A number of factors could cause actual results to differ materially from those indicated by the forward-looking statements, including competition in the environmental services industry, the impact of the current economic environment, and other factors detailed from time to time in our reports to the Securities and Exchange Commission, including our Annual Report on Form 10-K for the fiscal year ended December 31, 2023. Certain information contained in this material is made available to Quest Resource Holding Corporation by third parties. Quest Resource Holding Corporation is not responsible for the content of any information made available to it by any third party. This information may be incomplete or may have become out of date. Quest Resource Holding Corporation makes no commitment and disclaims any duty, to update or revise such information.

Reconciliation of U.S. GAAP to Non-GAAP Financial Measures

In this Investor Presentation, non-GAAP financial measures, "Adjusted EBITDA," and "Adjusted Net Income," are presented. From time-to-time, Quest considers and uses these supplemental measures of operating performance in order to provide an improved understanding of underlying performance trends. Quest believes it is useful to review, as applicable, both (1) GAAP measures that include (i) depreciation and amortization, (ii) interest expense, (iii) stock-based compensation expense, (iv) income tax expense, and (v) certain other adjustments, and (2) non-GAAP measures that exclude such items. Quest presents these non-GAAP measures because it considers it an important supplemental measure of Quest's performance. Quest's definition of this adjusted financial measure may differ from similarly named measures used by others. Quest believes these measures facilitate operating performance comparisons from period to period by eliminating potential differences caused by the existence and timing of certain expense items that would not otherwise be apparent on a GAAP basis. These non-GAAP measures have limitations as an analytical tool and should not be considered in isolation or as a substitute for the Company's GAAP measures. (See attached tables "Reconciliation of Net Income (Loss) to Adjusted EBITDA" and "Reconciliation of Adjusted Net Income Per Share").

*Adjusted EBITDA and Adjusted Net Income are Non-GAAP terms.

KEY PROBLEMS IN WASTE AND RECYCLING QUEST SOLVES

Improving sustainability is more important than ever

- Growing requirements to be a good environmental, social and economic steward for the benefit all stakeholders (customers, employees, community, and shareholders)

Increasing costs

- Landfill cost increases
- Gaining efficiencies by adding recycled waste streams

Increasing City, State and Local regulation

- Tracking and reporting compliance is burdensome
- Non-compliance can lead to large fines

Decentralized, inconsistent waste and recycling services and data reporting

- Extremely fragmented across numerous geographies, service providers and other variables

Measuring the “E” for ESG Reporting is complicated

- Data must be auditable across multiple waste streams and 100s of vendors

DIFFERENTIATED FROM THE TWO MAJOR COMPETITIVE SEGMENTS

ASSET-BASED INTEGRATED MAJORS

VERTICAL INTEGRATION MODEL

- Economics driven by landfill utilization

SERVICE RESIDENTIAL AND COMMERCIAL ACCOUNTS

- >50% EBITDA contribution from landfills versus other services
- Only 30% estimated competitive overlay to Quest's business

NATIONAL SCALE BUT LIMITED SCOPE

- Tied to limited disposal methods defined by asset base
- Cannot service all waste streams
- Slow to adapt to new technology

Quest RESOURCE MANAGEMENT GROUP

ASSET-LIGHT MODEL

- Service not tied to company-owned assets
- Alignment with sustainability
- Agnostic to disposal method
- Flexible resources and nimble operations

SERVICE HIGH VALUE COMMERCIAL ACCOUNTS

- National accounts
- Waste stream complexity
- Across all zip codes

NATIONAL SCALE AND SCOPE

- Ability to scale on demand with limited incremental investment
- Broad scope of managed waste streams
- Technology supports delivery of consistent standards of service

FRAGMENTED PLAYERS

INDEPENDENT PARTICIPANTS

- Single office operations
- Limited investment in IT
- Underutilized equipment
- Unable to scale effectively

SERVICE COMMERCIAL ACCOUNTS

- Service smaller local or regional accounts
- Relationship-driven and not capability-driven sales

LIMITED SCALE AND SCOPE

- Limited capabilities or services
- Specialize in only a few waste streams

COMPREHENSIVE CLOUD-BASED DATA PORTAL SUPPORTS ESG/SUSTAINABILITY & OPERATIONAL PERFORMANCE

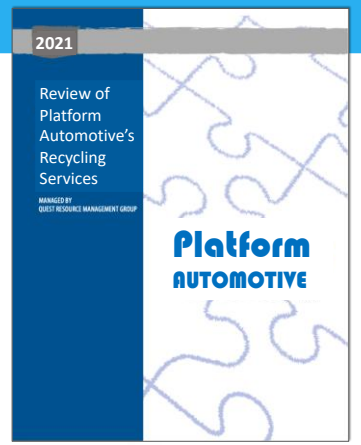

SCALABLE TECHNOLOGY PLATFORM

- Comprehensive data reporting and process automation
- Transition to cloud completed in 2019
- Central ERP system facilitates end-to-end information flow
- Client and vendor online portals

CLIENT PERFORMANCE

- Operational insights that drive efficiencies and improve cost controls
  - Quarterly / Annual Business reviews that deliver detailed operational performance data
  - Corporate level visibility into total business impact

- Verified volume/reduction numbers for use in ESG and Sustainability reporting

  Meets U.S. EPA Standards

ESTABLISHED GROWTH PLATFORM

Land and Expand Strategy Drives Organic Growth

- **Land** - Growing pipeline of new client opportunities
  - Increased scale adds to value proposition
  - Favorable sustainability trends and increased landfill costs create secular tailwind
  - Growing base of highly referenceable Fortune 1000 clients
- **Expand** - Large opportunity to expand by adding services and geographies to existing customers

Opportunistically pursue M&A

FOCUSED M&A STRATEGY: ACQUIRE COMPANIES WITH STRONG CLIENTS & FOCUS ON SERVICE

"ADD CLIENTS TO THE QUEST PLATFORM THAT WE CAN SERVE AS WELL OR BETTER"

Opportunity

- 18,000+ companies with 85% market share of $200+ billion market
- Many regional / local players have longstanding client relationships but are reluctant or unable to grow due to lack of infrastructure
- Clients are sticky and tend to stay with the acquirer as long as service levels are maintained

Ideal Acquisition Candidate

- Successful business built by entrepreneur who wants to reduce capital at risk and add capabilities
- Longstanding client relationships and track record of excellent service
- Favorable/long-term client contracts
- Support expansion to adjacent regions leveraging Quest's vendor network

Execution

- Reduce risk through simple integration process; same as onboarding new clients
- Cost synergies from functional overlaps
- Support expansion to adjacent regions leveraging Quest's vendor network
- Repeatable across acquisitions

SUMMARY - STABLE, SCALABLE WITH ATTRACTIVE INDUSTRY DYNAMICS AND FINANCIAL CHARACTERISTICS

1 Well-Positioned to Benefit from Structural, Long-Term Industry Tailwinds

- Waste services is a $200B+ industry: 15% asset intensive integrated haulers / landfill operators, 85% highly fragmented ~18,000 companies focused on specific regions, waste stream and industry verticals
- Recycling and other value-added waste disposal methods are growing at the expense of traditional landfills
- Landfill prices are increasing while other methods of waste disposal are increasingly more cost effective
- Industry is becoming more fragmented as more waste disposal technologies and processes come to market
- Increasing consumer awareness of and regulatory focus on ESG / sustainability issues

2 Stable Client Relationships, Broad Service Offering and Recurring, Contractual Revenue Base

- Diverse client base in multiple industries including grocery, retail, automotive, restaurant, industrial, and construction
- Differentiated by a broad, national service offering targeted to clients with multiple waste streams, regulated and non-commoditized
- Diversified across 100+ waste streams
- Reputation for client service has earned high client retention and ongoing penetration
- Loyal clients with high switching costs due to equipment changes and service risks

3 Scalable Platform Supports Current and Future Growth

- Capabilities in Procurement, 24/7/365 Client Service, and data reporting for Client ESG / Sustainability Reporting
- Management team >50 years of industry experience
- Increased scale increases operating and financial leverage across the platform
- Support for our three growth strategies…1) Grow existing clients 2) Organic growth adding new strategic clients 3) Pursue M&A

4 Attractive Financial Profile

- Gross margins more than doubled to >17% since 2016
- Variable cost of goods and SG&A gives operating flexibility and leverage
- Over $17 million improvement in Adjusted EBITDA from 2016 to 2023
