

RioCan Real Estate Investment Trust Announces Renewal of Normal Course Issuer Bid

Toronto, November 7, 2023 - RioCan Real Estate Investment Trust ("RioCan") (TSX:REI.UN) today announced that the Toronto Stock Exchange has approved its notice of intention to make a normal course issuer bid for a portion of its trust units ("Units") as appropriate opportunities arise from time to time. RioCan's normal course issuer bid will be made in accordance with the requirements of the Toronto Stock Exchange.

Pursuant to the notice, RioCan is authorized to acquire up to a maximum of 29,895,017 of its 299,906,379 outstanding Units, or approximately 10% of the public float of 298,950,170 as of October 31, 2023 over the next 12 months. Purchases under the normal course issuer bid will be made through the facilities of the Toronto Stock Exchange ("TSX") or through a Canadian alternative trading system and in accordance with applicable regulatory requirements at a price per Unit equal to the market at the time of acquisition. The number of Units that can be purchased pursuant to the bid is subject to a current daily maximum of 117,050 Units (which is equal to 25% of 468,202, being the average daily trading volume on the TSX during the last six months), subject to RioCan's ability to make one block purchase of Units per calendar week that exceeds such limits.

Units purchased under the normal course issuer bid will be cancelled upon their purchase, or may be used to satisfy RioCan's obligation to deliver Units under RioCan's Restricted Equity Unit Plan and/or Performance Equity Unit Plan. RioCan intends to fund the purchases out of its available cash and undrawn credit facilities. Each purchase made by RioCan pursuant to the bid shall be made at a price that is not higher than the last independent trade of a board lot of Units. Under its previous normal course issuer bid, which expired on November 6, 2023, RioCan was authorized to acquire a total of 30,247,803 Units of which 3,556,700 Units were purchased by RioCan at a weighted average price of \$21.09 per Unit.

RioCan may begin to purchase Units on November 9, 2023 and the bid will terminate on November 8, 2024 or such earlier time as RioCan completes its purchases pursuant to the bid or provides notice of termination. RioCan believes that the purchase of its Units may represent an investment opportunity for the Trust and an appropriate and desirable use of its funds based on market conditions, Unit price and other factors.

RioCan has adopted an automatic securities purchase plan ("ASPP") in connection with its normal course issuer bid that contains strict parameters regarding how its Units may be repurchased during times when it would ordinarily not be permitted to purchase Units due to regulatory restrictions or self-imposed blackout periods. Pursuant to the ASPP, purchases will be made by RioCan's designated broker based on pre-established purchasing parameters, in accordance with the rules of the Toronto Stock Exchange ("TSX"), applicable securities laws and the terms of the ASPP. The ASPP has been pre-cleared by the TSX and will be implemented effective immediately. All purchases made under the ASPP will be included in computing the number of Units purchased under RioCan's normal course issuer bid. Outside of pre-determined blackout periods, Units may be purchased under the normal course issuer bid at such times as RioCan may determine in compliance with TSX rules and applicable securities laws.
