NEWS RELEASE

Mitel Puts the Spotlight on Channel Community Excellence with Partner Awards

5/2/2023

Winners from the UK and Ireland honoured for their exceptional performance and commitment to providing customers with flexibility and choice throughout their business communication journey

London, May 2, 2023 — Mitel®, a global leader in business communications, announced the winners of its annual Partner Awards at the company's 2023 Mitel Next partner event. Award winners were honoured for their impressive performance over the past year and for going above and beyond to advise organisations and implement solutions that adequately enable them to transform and adopt new ways of working. The winners were praised for providing flexibility and future-proof UC solutions to their customers to help them continuously evolve their business communications in a fast-changing world.

Winners for the UK and Ireland include the following Mitel partners:

- Public Sector Partner of the Year - Incom-CNS Group
- Enterprise Partner of the Year - 4Sight Communications
- Growth Partner of the Year - Aspire Technology Solutions Ltd
- Cloud Partner of the Year - Daisy Corporate Services
- Innovation Partner of the Year - Britannic Technologies

"As Mitel celebrates its 50th anniversary, we are especially honoured to recognise the success and dedication of our

channel community in the UK and Ireland," said Nick Riggott, Country Sales Director UKISA at Mitel. "At Mitel, we are committed to delivering flexible and future-proof UC solutions that support organisations across key verticals, as well as providing a world-leading customer lifecycle management approach, ensuring customers at any stage in their relationship with Mitel have access to communications solutions that meet their unique needs. Our partners play a critical role in achieving these objectives, with their deep understanding of end customers' evolving requirements. Working together, we are well positioned for further growth and success by ensuring the organisations we serve have the right communications solutions to thrive, regardless of the path they take – on-prem, hybrid, private or public cloud."
